REPORT ON

SIXTH ECONOMIC CENSUS

MAHARASHTRA STATE

DIRECTORATE OF ECONOMICS AND STATISTICS,
PLANNING DEPARTMENT,GOVERNMENT OF MAHARASHTRA, MUMBAI

Sunil Porwal, IAS
Addl. Chief Secretary &
Development Commissioner (Planning)
Govt. of Maharashtra

Message

The Economic Census provides a count of establishments and employment engaged in various economic activities, inclusive of both organised and un-organised sector. The census helps to bridge the data gaps, provides base frame for follow-up surveys and is also useful in development planning.

The Sixth Economic Census was conducted by-and-large during October, 2013 to April, 2014 by the Directorate of Economics & Statistics in the State. I hope that the valuable data sets presented in this report will be useful to understand the structural changes in the economy and spur considerable research activities in the State.

I appreciate the efforts taken by Directorate of Economics & Statistics and other concerned offices of the State.

(Sunil Porwal)

Preface

The Central Statistical Office (CSO), GoI conducted Sixth Economic Census (Sixth EC) in 2013 in collaboration with the Directorate of Economics and Statistics in the State. All establishments engaged in various agricultural (excluding crop production & plantation) and non-agricultural (excluding public administration, defence and compulsory social securities) activities were covered in the Sixth EC. The fieldwork of Sixth EC was conducted in Maharashtra by-and-large during October, 2013 to April, 2014. This report **'Sixth Economic Census - Maharashtra State',** provides data on various aspects of the economic activities in the State.

2. I am thankful for encouragement and guidance provided by the CSO, GoI and Honorable Chief Secretary & Additional Chief Secretary (Planning), GoM. I am also thankful to various committees constituted for the Sixth EC, concerned officers and all employees of DES, Maharashtra for their co-operation.

(P. D. Sohale)
Director of Economics & Statistics,
Government of Maharashtra.

HIGHLIGHTS OF THE SIXTH ECONOMIC CENSUS

BACKGROUND

- The Sixth Economic Census (EC) is a 100% centrally sponsored scheme implemented by GoI across all States and Union Territories in collaboration with Stateôs Directorate of Economics and Statistics.

- The fieldwork in the State was conducted by-and-large during October, 2013 to April, 2014.

- All establishments engaged in various agricultural (excluding crop production and plantation) and non-agricultural activities (excluding public administration, defence and compulsory social security services) were enumerated.

- Data for handicraft / handloom establishments were collected for the first time in this Economic Census.

- Enumeration Blocks (EBs) of Population Census, 2011 were used as the primary geographical units for collection of data.

- In all, about 87 thousand enumerators and supervisors were engaged to collect the data from about 2.21 lakh EBs.

ESTABLISHMENTS

- As per the Sixth Economic Census (2013), 61.37 lakh establishments were found to be in operation, of which 32.94 lakh establishments (53.68%) were in rural areas and 28.43 lakh establishments (46.32%) were in urban areas. **The State stands second in India after Uttar Pradesh; in number of establishments.**

- Out of 61.37 lakh establishments, about 74.06% establishments (45.45lakh) were engaged in non-agricultural activities (excluding public administration, defence and compulsory social security activities), while the remaining 25.94% establishments (15.92lakh) were engaged in agricultural activities (excluding crop production and plantation).

- Over an intervening period of about 8 years between Fifth EC and Sixth EC, the total number of establishments in the State have increased from 41.53 lakh in 2005 (EC2005*) to 61.37 lakh in 2013 (EC2013), registering a growth of 47.79%. The growth in rural areas was 59.93% and in urban areas it was 35.85%.

(* For meaningful comparison of Sixth and Fifth ECs public administration, defence & compulsory social security service activities reported in Fifth EC are not considered.)

- During the period between the two Economic Censuses (2005 & 2013), non-agricultural establishments grew at the rate of 28.10%, while agricultural establishments grew at the rate of 163.53%.

- Out of the total establishments, 26.04% belonged to the primary sector of which agricultural sector constitutes 25.94% and mining & quarrying constitutes 0.10% while secondary and tertiary sector constitute 16.98% and 56.98% establishments respectively.

- Own Account Establishments (i.e. establishments without any hired worker) were 44.14 lakh (71.92%) and the remaining 17.23 lakh (28.08%) establishments were with at least one hired worker. Own Account Establishments grew at the rate of 75.20% while the growth of establishments with hired workers was meager i.e.1.03% over Fifth EC.

- Out of 61.37 lakh establishments, around 96.90% establishments were of private ownership and remaining 3.10% establishments belonged to Government or PSU.

- More than one third (38.86%) of all the establishments in the State were household establishments (inside household), 14.23% establishments were operating from outside household without fixed structure and the remaining 46.91% establishments were operating from outside households with fixed structure.

- Majority of the establishments (94.4%) were perennial in nature. Around 5% of the establishments were seasonal and remaining 0.6 % of the establishments were casual in nature.

- Top five districts viz. Kolhapur (9.30%), Pune (8.38%), Mumbai Suburban (7.58%), Thane (7.15%) and Satara (6.25%) together accounted for about 38.67% of the total number of establishments in the State.

- Livestock was the major economic activity (91.98%) of agricultural sector. Whereas, non-agricultural sector was dominated by Retail Trade (33.13%) followed by Manufacturing (20.25%).

- Maximum increase in number of establishments over Fifth EC was observed in Satara (169.53%) followed by Solapur (141.09%) and Osmanabad (88.67%).

PROPRIETARY ESTABLISHMENTS

- 90.76% of the establishments were owned by proprietors of which,11.93% were owned by females.

- The establishments owned by Hindus were 69.19%, followed by 10.44% Muslims, 2.37% by Buddhists, 0.50% by Christians and the rest 8.26% by the other religions.

EMPLOYMENT

- About 145.12 lakh persons were found employed in 61.37 lakh establishments. **The State stands first in providing employment at All India level**. Out of the total employment, 41.77% were in rural areas and 58.23% in urban areas. Similarly, out of the total employment, 78.14% were male and 21.86% were female. The growth rate of employment over Fifth EC was 37.85%.

- Employment in own account establishments was around of 59.05 lakh persons (40.69%). The employment in establishments with at least one hired worker was about 86.07 lakh persons (59.31%). Agricultural establishments provided employment to about 26.39 lakh persons (18.18%) and the non-agricultural establishments provided employment to about 118.73 lakh persons (81.82%).

- The percentage of workers engaged in proprietary establishments was 78.63%, followed by 15.04% in Private companies/SHGs/Cooperatives etc. and rest 6.33% were employed in Government or Public sector undertakings.

- Manufacturing sector was the largest employer providing employment to 29.18 lakh (20.10%) persons. This was followed by retail trade employing 26.73 lakh persons (18.42%) and livestock sector employing 24.11 lakh persons (16.61%).

- Distribution of establishments by size-class of employment reveals that around 58.19 lakh establishments (94.81%) were having 1 to 5 workers, around 2.38 lakh establishments (3.88%) were having 6 to 9 workers, while 0.8 lakh establishments (1.31%) employed 10 or more workers.

- The top five districts viz. Mumbai Suburban (11.51%), Pune (10.99%), Thane (9.95%), Kolhapur (7.58%) and Mumbai city (7.14%) accounted for almost half of the total employment in the State.

- Highest growth rate in employment was observed in Satara (155.79%), followed by Solapur (76.17%) and Sangli (73.53%).

- Overall average employment per establishment in Sixth EC was 2.36, as against 2.68 in Fifth EC. Average employment per establishment in Sixth EC was 1.34 for Own Account Establishments and 4.99 in case of establishments with at least one hired worker.

WOMEN ENTREPRENEURS

- The number of establishments owned by women entrepreneurs was 6.64 lakh (10.82%). These establishments provided employment to 10.98 lakh persons (7.57%). Of which, 64.13% were without hired workers.

- Of the total establishments under women entrepreneurs, about 26.86% belonged to agricultural activities, with livestock dominating with a share of 25.26%. Among non-agricultural activities owned by women entrepreneurs, manufacturing and retail trade were the dominant ones, corresponding percentages being 27.02% and 20.63% respectively.

- Of the total establishments owned by women entrepreneurs 23.29% were owned by OBC, 4.49% by SC, and 11.80% by ST.

- Of the total establishments owned by women entrepreneurs by religion, it was observed that 71.32% were owned by Hindus, 8.47% by Muslims, 4.03% by Buddhist and 1.05% by Christians.

- The top five districts by number of establishments under women entrepreneurship were Kolhapur (15.07%), followed by Satara (8.19%), Pune (7.97%), Solapur (7.62%) and Mumbai Suburban (7.29%).

- Average employment per female owned establishment was found to be 1.65.

HANDICRAFT/HANDLOOM ESTABLISHMENTS

- The number of Handicraft/Handloom establishments was 0.85 lakh (1.38%). These establishments provided employment to 2.15 lakh persons (1.48%). Of which, 67.02% were without hired workers.

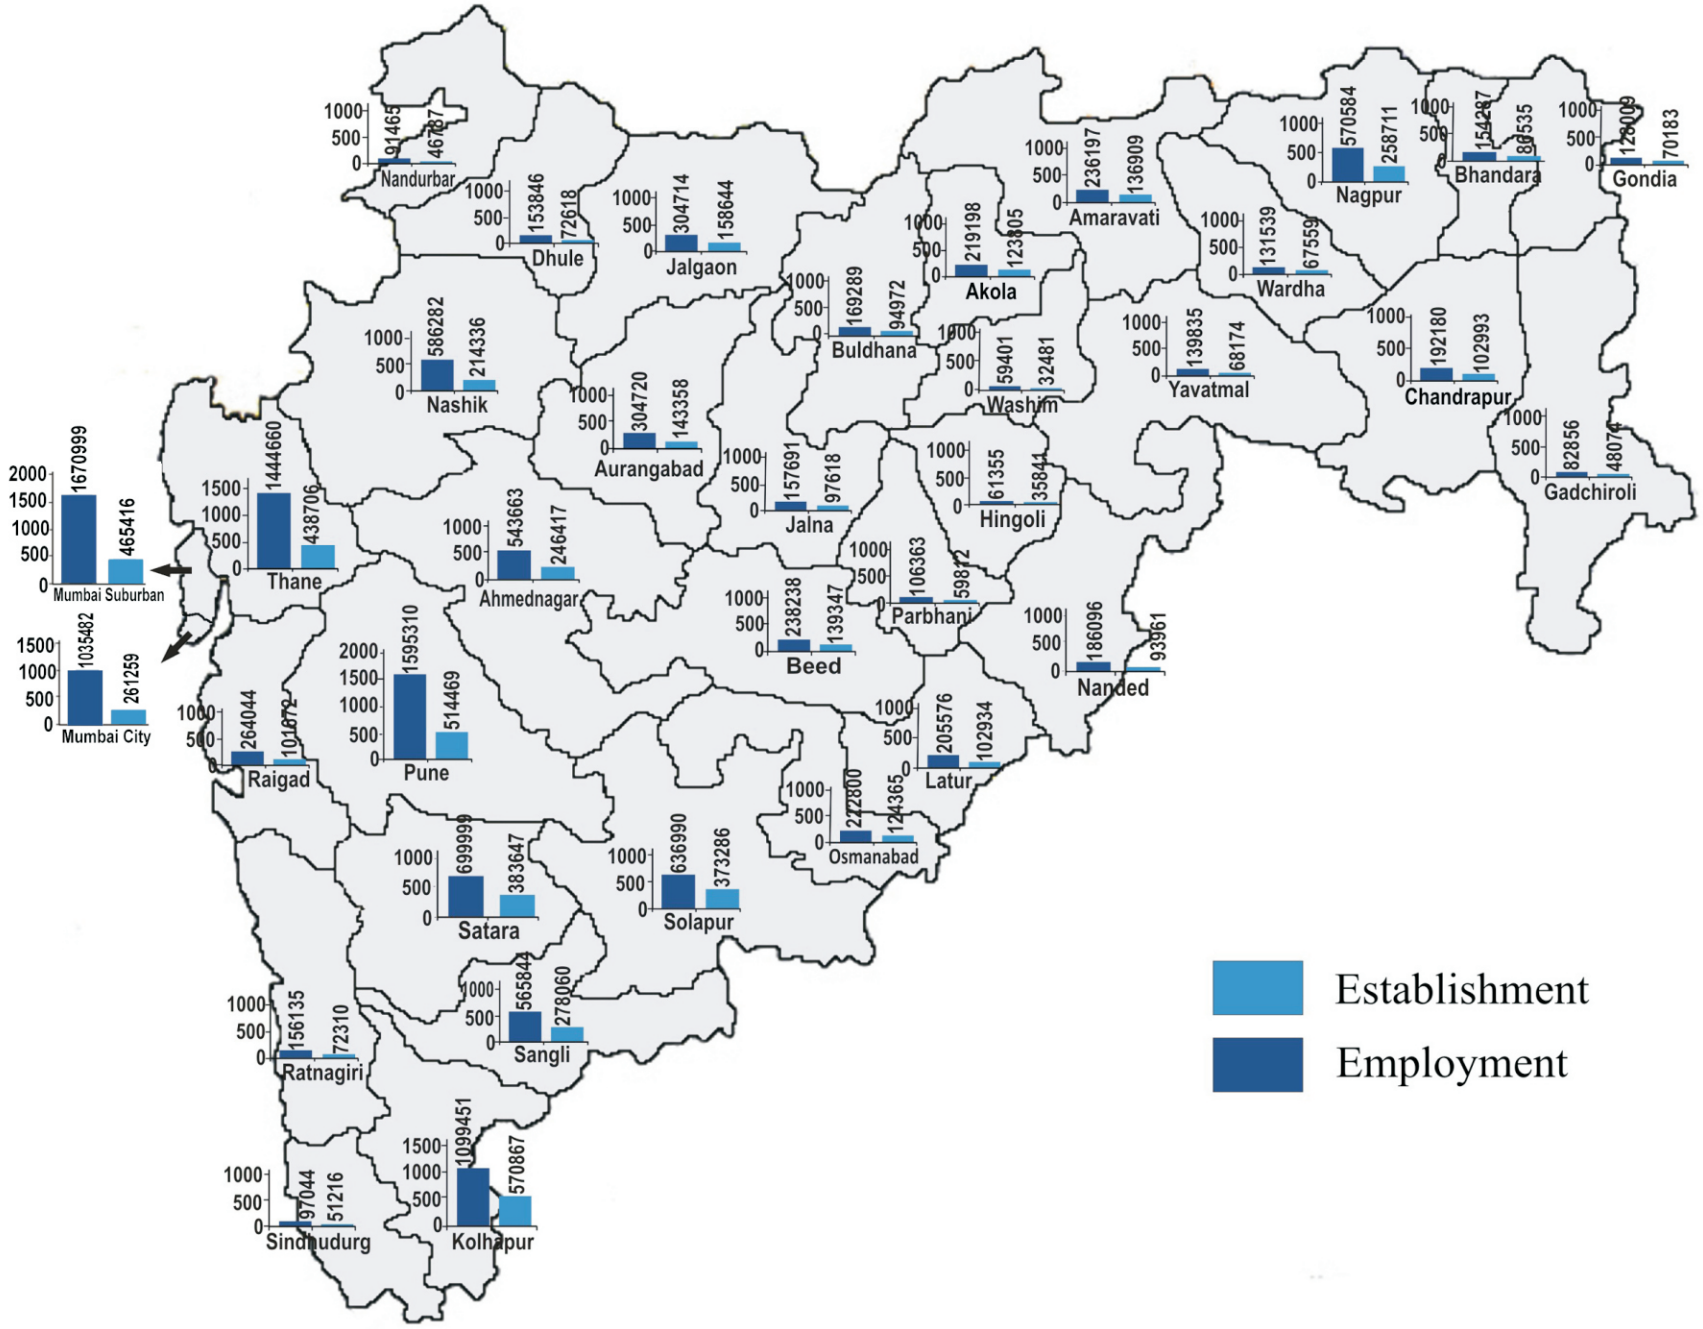

- Majority of establishments (96.90%) were owned by proprietors, of which, 16.16% establishments were owned by females.

- Nearly 73.13% of proprietary establishments of handicrafts/handloom were owned by Hindus, 16.21% by Muslims and 0.43% by Christians. Of these proprietary establishments, 29.54% were owned by OBCs, 12.90% by SCs and 4.84% by STs.

- Among the districts, Mumbai suburban had the largest share (13.34%) followed by Mumbai City (11.87%), Kolhapur (11.33%), Thane (9.12%) and Solapur (5.43%).

- Average employment per establishment for handicraft/handloom establishments was 2.54.

DISTRICTWISE NUMBER OF ESTABLISHMENTS AND EMPLOYMENT (in thousand)

CHAPTER I

INTRODUCTION

1.1 Background

Economic Census (EC) is the complete count of all establishments (engaged in production and / or distribution of goods and services not for the sole purpose of own consumption) located within the geographical boundaries of the country. The Economic Census is a 100% centrally sponsored scheme implemented by Central Statistics Office (CSO), GoI in collaboration with State's Directorate of Economics and Statistics. In the past, Economic Censuses were conducted in 1977, 1980, 1990, 1998 and 2005. The Sixth Economic Census was conducted by-and-large during October, 2013 to April, 2014 in the State by the Directorate of Economics and Statistics, Planning Department, Government of Maharashtra. General information about Sixth Economic Census in brief based on publications of CSO, GoI is given below. The detailed information is available on GoI website *www.mospi.nic.in*

After independence, Government of India has adopted the principle of planned development in all sectors of economy. As a result, the role of planning has become vital in the overall development of the country. For planning, availability of updated statistical data pertaining to different sectors of economy is a prerequisite. The CSO, GoI and Directorate of Economics & Statistics (DES) of the State Government are playing key role in collection and compilation of basic statistical data. Data upto certain extent is available in agricultural sector and organised non-agricultural sector. However, there are considerable data gaps in respect of unorganised non-agricultural sector, mainly because of its scattered nature. With a view to bridge the data gaps in the unorganised segments of different sectors of the economy, economic censuses are being conducted by the CSO, GoI. The other important purpose of conducting economic census is to generate an updated frame of establishments for detailed follow up surveys. It yields essential data on number and distribution of establishments engaged in different types of economic activities forming the basis for the follow-up surveys. Economic censuses have provided basic entrepreneurial data relating to the unorganised segments of different sectors of the economy; for the purpose of planning, development, administration & improvement of national income and other related aggregate estimates.

1.2 First Economic Census - 1977

The First Economic Census was conducted during 1977 throughout the country, except Lakshadweep. The census was conducted in collaboration with the DES in the States/Union Territories. The coverage was restricted to only non-agricultural establishments employing atleast one hired worker on a fairly regular basis. The information on location of enterprise, description of economic activity carried on, nature of operation, type of

ownership, social group of owner, use of power/fuel, total number of workers usually engaged with its hired components and with break-up of male and female workers were collected in this economic census.

1.3 Second Economic Census-1980

The Second Economic Census was conducted in 1980 along with the house-listing operation of 1981 Population Census. The scope and coverage of this census was larger than the first census. That time, all establishments engaged in economic activities both agricultural and non-agricultural (except those engaged in crop production and plantation) were employing any workers or not was covered. All States/Union Territories were covered with the sole exception of Assam, where Population Census 1981 was not conducted. The items, on which information was collected in Second Economic Census, were more or less similar to First Economic Census. However, based on experience gained in the First Economic Census certain items viz. years of activity, value of annual output/turnover/receipts, mixed activity or not, registered / licensed / recognized and act or authority, if registered were dropped.

1.4 Third Economic Census-1990

The Third Economic Census was synchronised with the house-listing operation of the Population Census 1991 on the same pattern of EC 1980. All States/UTs except Jammu & Kashmir, where Population Census 1991 was not undertaken were covered. It was a joint effort of CSO and the Register General of India in collaboration with the DES of the States/UTs. The item coverage of this census was the same as that of Second Economic Census conducted in 1980.

1.5 Fourth Economic Census-1998

With a view to bridge data gaps emerged due to adoption of liberalisation policy and to meet the requirements of various user departments, the Fourth Economic Census was conducted in 1998. This economic census was delinked from population census and was organised and conducted independently by CSO in collaboration with the DES of the States/UTs.

In the Fourth Economic Census complete enumeration of all agricultural (except crop production and plantation) and non-agricultural entrepreneurial activities was carried out throughout the country. The overall responsibility for organisation and conduct of census rested with CSO. The DES of respective States/UTs was made responsible for conducting the fieldwork and preparation of the reports.

Fourth Economic Census operations envisaged identification of the establishments through complete house listing in House List Schedule and collecting the particulars about each establishments identified through the House List Schedule. Further, the items of information collected in Fourth Economic Census included premises status, description of

activity, nature of operation, ownership type, social group of owner, power/fuel used, years of operation, registration, source of finance, total number of persons usually working and hired persons with break up in male/female and adult/child categories.

1.6 Fifth Economic Census-2005

The National Statistical Commission (NSC) and Monitoring Committee for Fourth Economic Census had recommended for conducting the economic census once in 10 years. However, it was seen that method of conducting various follow-up surveys utilising ten years census as frame, resulted in loss on information, as during the period of ten years many industries disappear from the field while others comeup in various sectors. Economic reforms and the policy of liberalisation, having huge impact on various sectors of the economy were in its initial stages; therefore, the Fourth Economic Census conducted in 1998 could only partially capture the impact of economic reforms. In fitness of this and to get data in structural & compositional changes in the economy, the Government conducted the Fifth Economic Census in 2005.

1.7 Sixth Economic Census-2013

1.7.1 Objectives

Various censuses and surveys are being conducted to bridge data gaps. As Economic Census covers unorganised sector both in manufacturing and services along with organised sector, it has significant importance in the statistical system of India. The main objectives for the conduct of Sixth Economic Census are as below:

i) To provide detailed information on operational and economic variables (activity wise) of all the establishments (excluding crop production, plantation, public administration, defense and compulsory social security services) of the country including its distribution at All-India, state and sub-state levels for comprehensive analysis of the structure of the economy and for benchmark purposes; to provide similar data at lower geographical levels like tahsils / villages in case of rural areas and towns / wards in case of urban areas for decentralised planning;

ii) To generate information on all establishments, (including exporting units) concerning employment of 8 or more workers, activities/area wise operations.

iii) To provide information on number of workers working in unorganised sector (i.e. establishments employing less than ten workers);

iv) To provide updated Directory of Establishments employing 10 or more workers for local level planning purposes and also for using as a óList Frameô for conduct of survey of such establishments in the non-manufacturing / services sector;

and

v) To provide up-to-date óArea Frameô containing information on number of establishments and number of workers by industry, by type of ownership of the establishments, etc. at the village / block level, from which sample villages / blocks could be drawn as the primary sampling units for collecting detailed information about the establishments in the follow-up sample surveys of establishments.

1.7.2 Scope and coverage

All economic activities (except those involved in crop production & plantation, public administration, defence & compulsory social security services) related to production and / or distribution of goods and / or services (excluding for the sole purpose of own consumption) were covered in Sixth Economic Census. However, the following activities were kept out of the purview of the Sixth Economic Census.

i) Establishments of shelter-less and nomadic population, which keep on moving from place to place and camp either without shelter or with makeshift shelter.

ii) Establishments engaged in illegal activities like smuggling, gambling, beggary, prostitution, etc.

iii) Domestic servants, whether they work in one household or in a number of households, drivers, etc. who undertake jobs for others on wages.

iv) All wage-paid employees of casual nature.

v) Household members engaged in household chores.

vi) Persons doing different types of jobs depending on the availability of work e.g. loading, unloading, helping a mason or a carpenter, doing earthwork for a contractor.

vii) Household members working for other households and earning some money which is insignificant.

viii) Households in which none of the members are engaged in any gainful activity i.e. households depending on remittance, rent, interest, pension etc.

1.7.3 Planning & Organisation of Sixth EC

For conducting the Sixth Economic Census, a Standing Committee was constituted under the chairmanship of Director General, CSO to look into various aspects relating to the conduct of Sixth Economic Census and to provide guidance/directions. The working groups were also constituted for the following aspects of Sixth Economic Census.

a) To decide scope and coverage of the census.

b) To design formats for various questionnaires/schedules; to write down conceptual and operational definitions of the items included in the schedules and to draft instruction manual for data collection for use of supervisors & enumerators.

c) To estimate the total volume of field work in terms of (i) likely number of establishments to be enumerated, (ii) estimated strength of field staff needed, (iii) likely time required for completion of field work.

d) To prepare a plan for tabulation of data and formats for the final tables,

and

e) Other administrative aspects like printing of schedule, dealing with fixing of time frame for receipt of schedules, appointing data processing agency at the Centre etc.

The overall responsibility for organisation and conduct of the census was with CSO, while responsibility of fieldwork and supervision was given to the DES in the respective States/UTs.

In Maharashtra State, Additional Chief Secretary Planning Department (GoM) was overall in charge of the Sixth Economic Census operation and he was designated as Census Commissioner. The Director of DES was designated as Additional Census Commissioner. For carrying out the field work of the census in the districts, the District Collectors were designated as Joint Census Commissioner. Joint Directors of DES involved in census work were designated as Deputy Census Commissioner & District Statistical Officers were Assistant Census Commissioner.

For implementation, monitoring and co-ordination of Sixth Economic Census in the State, three tier committees were constituted as follows.

1. State level co-ordination committee (SLCC) headed by the Chief Secretary.

2. District level co-ordination headed by District Collector.

3. Taluka level co-ordination committee headed by Tahsildar.

In addition to above, in the major cities having Municipal Corporations, committee was constituted under the chairmanship of respective Municipal Commissioners. The DES worked as the nodal agency for executing the Sixth Economic Census in the State.

1.7.4 Training

The CSO conducted training programmes on concepts, definitions and canvassing of schedules for the State officials involved in the economic census. Further, training programme for lower level officials like charge officers, enumerators and supervisors were organized by DES officials.

1.7.5 Fieldwork

Enumeration Blocks (EBs) of Population Census 2011 were used as primary geographical units for both urban and rural areas for the purpose of listing of establishments.In previous Economic Census, UFS (Urban Frame Survey) Blocks of NSSO were taken as the primary geographical units for urban areas. Use of EBs would facilitate the linking of Census 2011 database with that of Sixth Economic Census at the lower geographical levels like EBs and wards. Abridged House List (AHL) and Layout Maps (LMs) of Census 2011 EBs were provided to the enumerators to facilitate proper coverage.

i) Schedules canvassed

In Sixth Economic Census two schedules were canvassed, viz. i) House and Establishment Listing Schedule (6A) and ii) Directory of Establishment Schedule (6C),in place of three schedules canvassed during Fifth Economic Census. House and Establishment Listing Schedule of Sixth Economic Census was formed by merging **'House List'** and **'Enterprise Schedule'of the Fifth Economic Census**. Further, the **'Address Slip'** Schedule of Fifth Economic Census was modified and renamed as **Directory of Establishment Schedule** in Sixth Economic Census for developing Business Register**.**

The third schedule óEstablishment Abstractô (6B) was a derived schedule of summary information based on óHouse and Establishment Listing Schedule 6(A)ô. This summary information has been used to generate provisional results contained in this report. Copies of these schedules / forms 6A, 6B & 6C are given in Annexure I, II & III respectively.

ii) Manpower utilised

In order to cover about 2.23 lakh EBs in the State, about 59 thousand enumerators and 28 thousand supervisors were engaged. Comprehensive training for the trainers, providing further training to the field staff was imparted by DES Officials.

1.7.6 Field agency for enumeration & supervision

During Sixth Economic Census 2013, the responsibility of the conduct of field work was assigned to charge officers and their areas of operation were earmarked. For urban and rural areas following officials were appointed as charge officers.

Area	Appointed as charge officers
Urban Area	
1. Municipal Corporations	Deputy Commissioner
2. Municipal Council	Chief Officer/ Executive Officer/ Administrator
3. Cantonment Area	Officer of Commanding Station
Rural Area	
4. Tahsil Level	Tahsildar / NaibTahsildar

As per the decision taken in SLCC meeting, State Govt. employees, local body employees or educated unemployed youths were mostly engaged for the field work of Sixth Economic Census. The appointment of enumerators and supervisors was done by the charge officers.

1.7.7 Items of information collected

The items of information collected in the Sixth Economic Census included description of activity, premises status, nature of operation, ownership type, social group& religion of owner, power used, registration code, source of finances, total no. of persons usually working, hired and non-hired persons with break-up in male/female categories, detail address of establishments having 8 or more workers employed. Information regarding handicraft/handloom establishments was also separately collected for the first time.

1.7.8 Classification of activities

Economic activities were assigned 3 digit National Industrial Classification (NIC 2008) codes.

1.7.9 Data processing

The data /information collected through field work of the Sixth Economic Census was scrutinised and NIC codes were assigned in House and Establishment Listing

Schedule (6A) and Directory of Establishment Schedule (6C). After pre-scanning work, schedules were sent to Data Centre, Faridabad for scanning and e-flow processing work. Intelligent Character Recognition (ICR) was used for scanning and processing Economic Census data. CSO, GoI has provided final tables of economic census results to DES.

1.7.10 Limitation of Sixth Economic Census

i) Collection of information is not generally record-based but based on oral information. The factors like recall lapse and casual approach on the part of informants may lead to some non-sampling errors.

ii) Due to non-availability of teachers, the fieldwork was required to be assigned to persons who were new to such type of work.

iii) Although certain improvements were made in the schedule to guard against under-listing of establishments (particularly the home-based units or those operating without fixed structure), data as per Sixth Economic Census may be subject to some amount of coverage error on account of such under-listing, which is difficult to eliminate totally in a massive census operation.

CHAPTER II

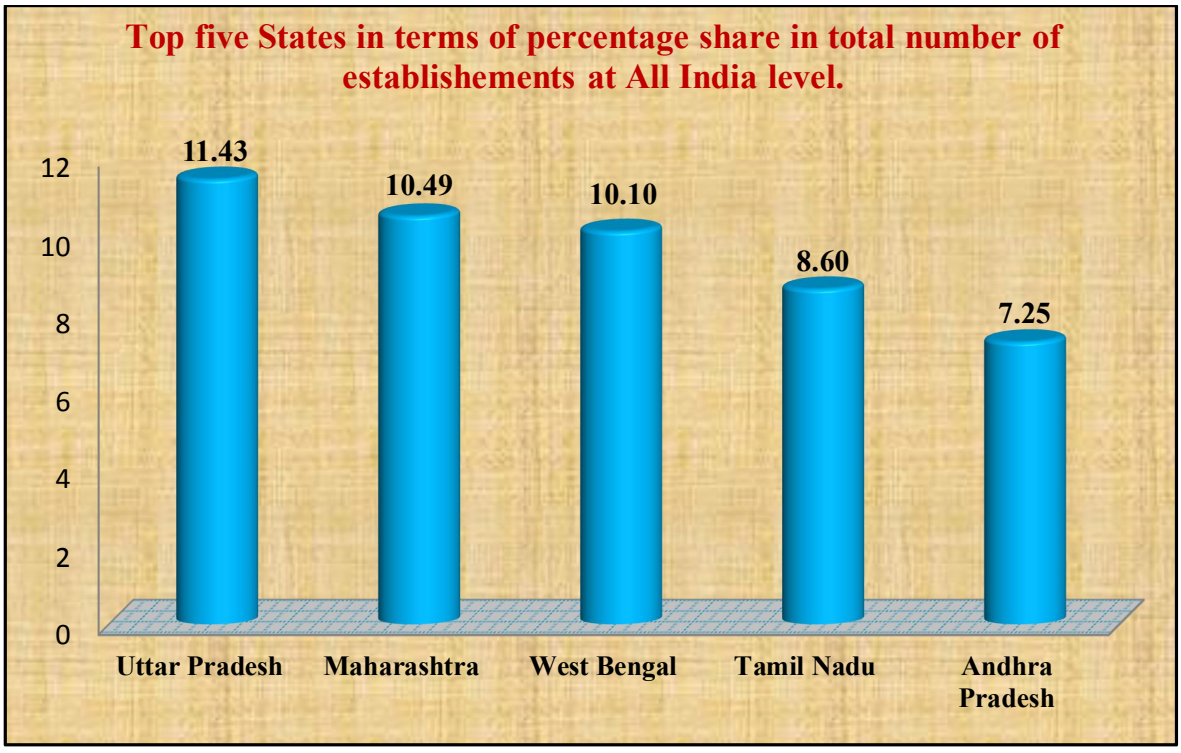

RESULTS AT A GLANCE

2.1 Establishments at all India level

As per the Sixth Economic Census (2013), 584.95 lakh establishments were found to be in operation at All India level. Of which 59.48% establishments were found to be located in rural areas and nearly 40.52% establishments were found to be located in urban areas. Number of Own Account Establishments was 419.64 lakh (71.74%) and establishments with at least one hired worker were 165.31 lakh (28.26%).

Of 584.95 lakh establishments, about 77.6% establishments were engaged in non-agricultural activities (excluding public administration, defence and compulsory social security activities), while the remaining 22.4% establishments were found to be engaged in agricultural activities (excluding crop production and plantation).

Top five States viz. Uttar Pradesh (11.43%), Maharashtra (10.49%), West Bengal (10.10%), Tamil Nadu (8.60%) and Andhra Pradesh (7.25%) together accounted for about 50% of the total number of establishments in the country. **At all India level, Maharashtra ranked second.**

The State wise total number of establishments by sector are given in **Table 2.1.**

Table-2.1 : State wise total number of establishments by sector.

All India					
Sr. No.	Name of State/UTs & code	Establishments (No.)			% to total
		Rural	Urban	Total	
(1)	(2)	(3)	(4)	(5)	(6)
1	01 - Jammu & Kashmir	2,95,386	2,06,563	5,01,949	0.86
2	02 - Himachal Pradesh	3,34,398	77,842	4,12,240	0.70
3	03 - Punjab	7,84,901	7,28,351	15,13,252	2.59
4	04 - Chandigarh	2,272	81,306	83,578	0.14
5	05 - Uttarakhand	2,31,970	1,62,209	3,94,179	0.67
6	06 - Haryana	6,47,989	5,16,797	11,64,786	1.99
7	07 - Delhi	12,441	8,62,867	8,75,308	1.50
8	08 - Rajasthan	18,55,173	10,39,957	28,95,130	4.95
9	09 - Uttar Pradesh	41,58,955	25,24,950	66,83,905	11.43

2.2 Employment at all India level

As per Sixth EC, about 1312.94 lakh persons were found employed in 584.95 lakh establishments at All India level. Out of the total 1312.94 lakh persons, 51.71% persons were employed in rural areas and 48.29% persons were employed in urban areas.

The employment in Own Account Establishments was 581.49 lakh persons (44.29%), whereas, the employment in establishments with at least one hired worker was about 731.45 lakh persons (55.71%). Agricultural establishments provided employment to around 228.83 lakh persons (17.42%) and the non-agricultural establishments provided employment to around 1084.11 lakh persons (82.58%).

Top five States viz. Maharashtra (11.05%), Uttar Pradesh (10.75%), West Bengal (9.07%), Tamil Nadu (8.91%) and Gujarat (7.32%) accounted for almost half of the total employment in the country. **Though the Maharashtra ranked second in terms of number of establishments, it holds first rank in providing employment in the country.** The State wise total number of persons employed by sector is given in **Table 2.2,** and the results of the State and all India level are given in **Table 2.3**

2.	Handicraft / Handloom establishments	0.9	18.74	4.8
3.	Number of persons employed	145.1	1312.9	11.1
	i) in without hired worker establishments	59.0	581.5	10.2
	ii) in with at least one hired worker establishments	86.1	731.5	11.8
4.	Handicraft / Handloom employment	2.15	42.05	5.1

- **About 14.2% of the establishments operate from 'Outside Household without Fixed Structure' in the State as against 18.4% at All-India level.**
- **Nearly 53.7% of the Establishments belonged to rural areas in the State as against 59.5% at All-India Level.**
- **Percentage share of agricultural establishments in the State is 25.9% as against 22.4% at All-India level.**
- **Number of persons employed per establishment in the State is 2.36 as against 2.24 at All-India level.**
- **The share of employment in rural area is 41.8% in the State as against 51.7% at All-India level.**
- **The percentage of employment in agricultural establishments in the State is 18.2% as against 17.4% at All-India level.**

2.3 Establishments in the State

As per the results of the Sixth Economic Census, there were 61.37 lakh establishments in the State engaged in different economic activities other than crop production, plantation, public administration, defence and compulsory social security services. Out of which, 32.94 lakh establishments (53.68%) were in the rural areas and 28.43 lakh establishments (46.32%) were in the urban areas. The top five districts having maximum number of establishments in the State are Kolhapur (9.30%), Pune (8.38%), Mumbai (7.58%), Thane (7.15%) and Satara (6.25%). In the State, 44.14lakh (71.92%) establishments were Own Account Establishments (OAE) i.e. establishments without any hired worker. Of the total OAE, 27.71 lakh (62.78%) were in rural areas and 16.43 lakh (37.22%) were in urban areas. The remaining 17.23 lakh (28.08%) establishments were with at least one hired worker, out of which, 5.23 lakh (30.36%) were in rural areas and 12 lakh (69.64%) were in urban areas.

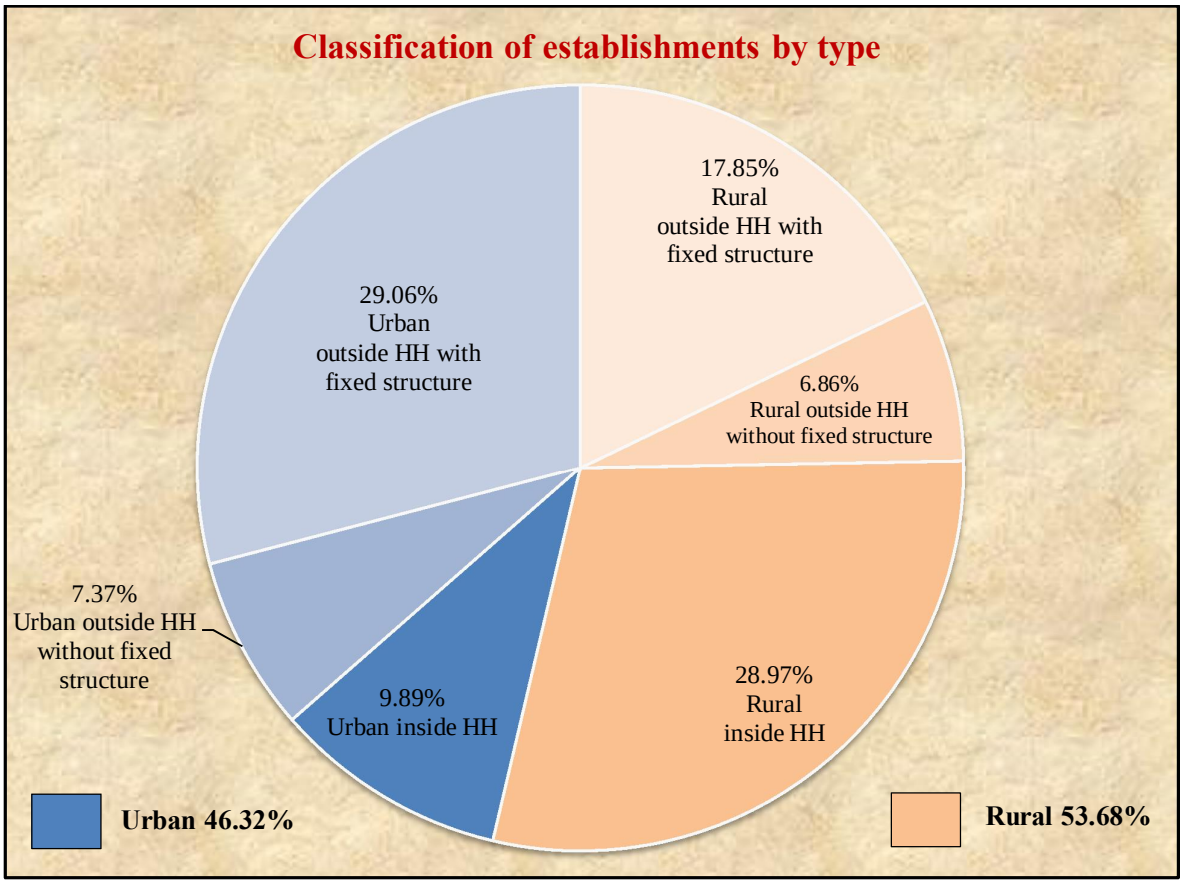

Among these establishments, 45.45 lakh (74.06%) were engaged in non-agricultural activities (excluding public administration, defence and compulsory social security services) while the rest 15.92 lakh (25.94%) were engaged in agricultural activities other than crop production and plantation.

In rural areas, of the total 32.94 lakh establishments, 15.23 lakh establishments (46.23%) were engaged in agricultural activities and rest 17.71 lakh (53.77%) were engaged in non-agricultural activities. About 95.67% of the total establishments engaged in agricultural activities were found to be located in the rural areas.

In urban areas, of the total 28.43 lakh establishments, 27.74 lakh establishments (97.58%) were engaged in non-agricultural activities and only 0.69 lakh establishments (2.42%) pursued agricultural activities. Of these, 16.43 lakh (57.78%) were own account establishments and the remaining 12 lakh (42.22%) establishments were with at least one hired worker.

The number of establishments working outside household with fixed structure, outside household without fixed structure (without premises) and inside household were of 28.79 lakh (46.91%), 8.73 lakh (14.23%) and 23.85 lakh (38.86%) respectively. Out of 28.79 lakh outside household with fixed structure establishments, 10.95 lakh (38.05%) were in rural areas and remaining 17.84 lakh (61.95%) in urban areas. Out of 8.73 lakh establishments operating from outside household without fixed structure, 4.21 lakh (48.18%) were in rural areas and remaining 4.52 lakh (51.82%) were in urban areas. Out of 23.85 lakh establishments located inside household, 17.78 lakh (74.56%) were in rural areas and remaining 6.07 lakh (25.44%) were in urban areas.

About 55.70 lakh establishments, constituting 90.76% of the total establishments, operated under private proprietary ownership. About 94.36% of the total establishments, constituting 57.91 lakh were engaged in perennial activities. The number of establishments by type and sector at State level along with few selected characteristics are presented in **Table 2.4**.

Note: Figures in brackets are percentage of establishments to total establishments in the respective category

2.4 Employment in the State

There were 145.12 lakh persons working in the establishments, of which 60.62 lakh (41.77%) persons were in rural areas and 84.50 lakh (58.23%) persons were in urban areas. The top five districts by number of employment in the State were Mumbai Suburban with 16.71 lakh (11.51%), Pune with 15.95 lakh (10.99%), Thane with 14.45 lakh (9.95%), Kolhapur with 10.99 lakh (7.58%) and Mumbai with 10.35 lakh (7.14%). Their combined share in total employment was about 47.17%.

About 118.73 lakh workers constituting 81.82% of total employment worked in non-agricultural establishments and 26.39 lakh (18.18%) worked in agricultural establishments. The result reveals that around 86.07 lakh persons (59.31%) were working in establishments with at least one hired worker and the rest 59.05 lakh (40.69%) persons were working in own account establishments in the State. Numbers of persons employed by type of establishment & by sector in the State are presented in **Table 2.5**.

Table 2.5 : Number of persons employed by type of establishment & by sector in the State

		(81.89)		(76.29)		(78.63)

Note: Figures in brackets show the percentage of workers to total workers in the respective category

In rural areas 25.12 lakh persons, constituting 41.44% of the total rural employment worked in agricultural establishments and the rest 35.50 lakh workers (58.56%) worked in non-agricultural establishments. About 95.20% of the total employment of agricultural sector in the State was in rural areas. About 63.75% of the total rural employment was in own account establishments.

In urban areas, 83.23 lakh persons worked in non-agricultural establishments constituting 98.50% of the total urban employment. In the establishments with at least one hired worker, about 64.10 lakh were found engaged in the urban areas, constituting 74.47% of the total workers.

About 114.11 lakh persons, constituting 78.63% of the total persons, worked under private proprietary ownership establishments. About 95.32% of the total persons, constituting 138.33 lakh worked in perennial activities. The share of females in total employment of 145.12 lakh was 31.73 lakh, which was around 21.86% of the total employment. Out of total female employment 50.43% was in rural areas and 49.57% in urban areas. Among the hired workers, 14.23 lakh (20.47 %) were females.

2.5 Establishments by major activity groups

Activities pursued by various establishments, were grouped into 23 major activity groups (four for agricultural activities and 19 for non-agricultural activities). Among the agricultural establishments, livestock dominated with its total share of 91.98% (14.64 lakh). Further, 96.53% (14.13 lakh) of the total establishments involved in livestock were found in the rural areas.

óRetail tradeô, óManufacturingô and óOther service activities not elsewhere classified (including membership organization, repair of computers and personnel household goods)ô were the three most important activity groups in terms of number of establishments in the non-agricultural sector. These three activity groups together shared about 63.18% of the total establishments. The group óretail tradeô alone with a share of 33.13% and numbering a total of around 15.06 lakh establishments dominated all other groups. It was followed by ómanufacturingô and óother service activities not elsewhere classified (including membership organization, repair of computers and personnel household goods)ô with share of 20.25% (9.20 lakh) and 9.80 % (4.46 lakh) respectively. The number of establishments and persons employed by broad activity groups were given in **Table 2.6.**

2.6 Employment in establishments by major activity groups

Among the agricultural activities, the maximum employment was found under the activity group ólivestockô with 24.10 lakh workers constituting 91.36% of the total employment in the agricultural sector.

In non-agricultural activities, the maximum number of workers were found engaged in the ómanufacturingô with 29.18 lakh workers (24.57%), followed by óretail tradeô with 26.73 lakh(22.51%) and óeducationô with 10.38 lakh (8.75%). These three activity groups taken together accounted for about 55.83% of the total employment in non-agricultural sector. Almost similar trend of employment was observed in rural and urban establishments. Thepercentage share of employment in these three activity groups viz ómanufacturingô, óretail tradeô and óeducationô in rural area was 26.10%, 23.77% and 14.27% respectively. In urban areas, activity group ómanufacturingô employed the maximum number of persons (23.92% of total urban employment), followed by óretail tradeô(21.97%) and óeducationô(6.39%).

2.8 Other selected characteristics

It was observed that out of 61.37 lakh establishments in the State,1.90 lakh establishments (3.10%) were under Government ownership, 55.70 lakh (90.76%) under private proprietorship, 0.45lakh (0.74%) under private partnership, 0.46 lakh (0.76%) under private company, 0.11 lakh (0.18%) under private self-help groups, 0.18 lakh (0.30%) under private cooperative, 0.86 lakh (1.40%) under private non-profit institutions and 1.69 lakh (2.76%) under other types of private establishments.

2.9 District-wise comparison

District-wise percentage share of establishments and employment therein, by sector (rural/urban/combined) and by type of establishments (own account establishments/ establishment with at least one hired worker) are given in **Table 2.8** and **Table 2.9** respectively.

Table 2.8 : Establishments & employment by sector

CHAPTER III

AGRICULTURAL ESTABLISHMENTS

3.1 General

Agricultural establishments (including agriculture, livestock, forestry and fishery) play a vital role in the State economy. Agricultural establishments engaged in production of agricultural goods (other than crop production & plantation by the farmers or a group of farmers or any agency), agricultural services, hunting, trapping & related activities, where at least some part of the production or services was sold out were covered in Sixth EC. Establishments engaged in activities pertaining to crop production and plantations, were not covered in Sixth EC as these are being covered regularly under Agricultural Census since 1970-71. Thus, primarily cultivators were excluded from the census. However, services incidental to crop production or plantation provided/ undertaken by any one individual or a firm or a company by charging fee or rent/compensation (e.g. machinery & equipment for tilling/cultivation, preparation of field or sowing harvesting/chaffing, transportation of agricultural goods/produce, charging for irrigation facilities etc. as their principal activity) were included and the establishments engaged in such activities were enumerated. Further, establishments engaged in Livestock (animal production, support activities for animal production and hunting, trapping and related service activities), Forestry, Logging, Fishing and Aquaculture (marine fishing, fresh water fishing, and marine and fresh water aquaculture) were also covered under agriculture in Sixth EC.

Data pertaining to agricultural establishments covered under Sixth Economic Census are presented in this chapter.

3.2 Establishments

According to Sixth Economic Census (EC) there were 15.92 lakh agricultural establishments accounting to 25.94% of total establishments in the State.

About 95.67% (15.23 lakh) agricultural establishments were located in rural areas. Of which, 95.51% were own account establishments (establishments without any hired workers) and rest were with at least one hired worker. In urban areas, own account establishments shared the major chunk (85.68%) of the establishments in the agricultural establishments.

Broad activity wise classification of agricultural establishments shows that maximum percentage of 91.98% establishments were engaged in livestock activity, followed by 5.40% in

other than crop production & plantation, 2.17% fishing and aquaculture and 0.45% forestry and logging. The share of establishments engaged in livestock in rural areas was 92.8%, followed by agriculture other than crop production & plantation (5.19%), fishing and aquaculture (1.67%) and forestry & logging (0.33%). In case of urban areas this distribution was livestock (73.79%), followed by fishing & aquaculture (13.14%), agriculture other than crop production & plantation (10.0%) and forestry & logging (3.06%).

3.3 Employment

The agricultural establishments engaged 26.39 lakh persons, which constituted 18.18% of the total employment. Of these, 23.53 lakh (89.18%) persons were employed in own account establishments and about 2.86 lakh (10.82%) in establishments with at least one hired worker.

About 95.20% of the employment in agricultural establishments, numbering 25.12 lakh worked in rural areas. Out of these, 90.21% of the persons worked in own account establishments and rest in establishments with at least one hired worker.

The share of employment in the agricultural establishments by major broad activity shows that 91.36% workers were engaged in livestock, followed by 5.82% in agriculture other than crop production & plantation, 2.22% fishing and aquaculture and 0.6% forestry and logging. The share of employment for establishments engaged in livestock in rural areas was 92.44%, followed by agriculture other than crop production & plantation (5.52%), fishing and aquaculture (1.62%) and forestry and logging (0.41%). Whereas in urban areas was livestock (69.97%), followed by fishing and aquaculture (13.98%), agriculture other than crop production & plantation (11.69%) and forestry & logging (4.36%).

About 96.29% of the female workers in agricultural establishments numbering 8.64 lakh were found working in rural areas, and 3.71% of the female workers in agricultural establishments numbering 0.33 lakh were found working in urban areas.

At the State level, average employment of 1.66 persons per establishment was observed in both the rural and the urban areas for agricultural establishments. In the own account establishments, this average was 1.55 persons per establishment and for establishments with at least one hired worker, it was 3.65 persons per establishment.

Table 3.1 : Agricultural establishments and employment in Maharashtra by sector.

SELECTED CHARACTERISTICS OF AGRICULTURAL ESTABLISHMENTS

3.4 Broad activity wise classification

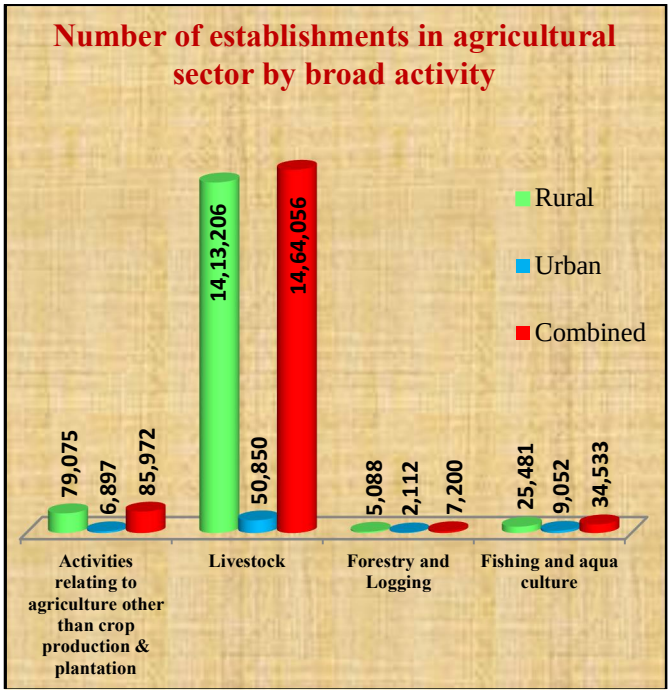

At State level, livestock accounted for the majority of establishments under agricultural establishments with 14.64 lakh establishments employing about 24.11 lakh workers with an average employment of 1.65 persons per establishment. In rural areas, 14.13 lakh establishments were under livestock, employing about 23.22 lakh workers, with an average employment of 1.64 persons per establishment. The same distribution for urban areas was 1.74 persons per establishment with 0.89 lakh workers in 0.50 lakh establishments. The number of establishments and employment in agricultural establishments by broad activity classification is given in **Table 3.2**.

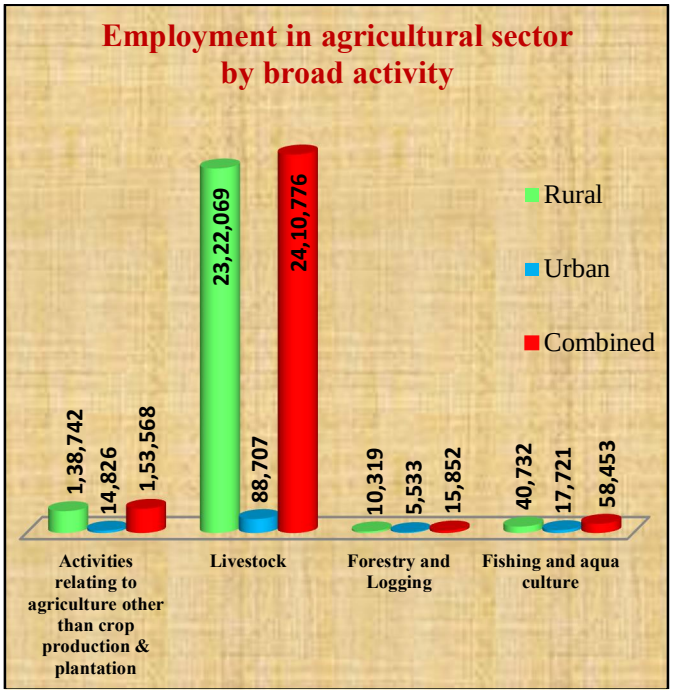

Table 3.2: Establishments and employment in agricultural establishments by broad activity classification

3.5 Agricultural establishments by type of ownership

It was observed that bulk 15.74 lakh (98.89%) of agricultural establishments were under Private Proprietary Ownership with employment of 25.82 lakh (97.86%) workers. About 0.74% establishments were owned by ó Others ô employing about 1.40% of the total workers. The share of Government/PSU in agricultural establishments was only 0.22% employing 0.31% of total workers. Similar trend was observed in both rural and urban areas. The agricultural establishments and employment by type of ownership & sector are given in **Table 3.3**.

3.5.1 Agricultural establishments under proprietary ownership by selected characteristics

The majority 15.07 lakh (95.75%) of agricultural establishments under proprietary ownership were in rural areas employing about 24.63 lakh workers (95.37%), whereas the remaining about 0.67 lakh establishments (4.25%) were in urban areas which employed about 1.19 lakh (4.63%) workers. The average employment in the agricultural establishments was 1.64 persons per establishment at State level, whereas it was 1.63 in rural areas and 1.79 in urban areas. The proprietary agricultural establishments under male, female and others ownership were 13.87 lakh (88.13%), 1.78 lakh (11.34%) and 0.08 lakh (0.53%) respectively that employed 23.16 lakh (89.68%), 2.49 lakh (9.63%) and 0.18 lakh (0.68%) workers at State level. Similar trend was observed in rural areas where the distribution of male, female and others ownership was 13.30 lakh (88.25%), 1.69 lakh (11.22%) and 0.08 lakh (0.53%) respectively, whereas in urban areas the same was about 0.57 lakh (85.43%), 0.09 lakh (14.04%) and 0.004 lakh (0.53%) respectively.

At State level, the average employment under male, female and other ownership was 1.67, 1.39 and 2.10 persons per establishment respectively. In the rural areas, the average employment of persons per establishment under male, female and other ownership was 1.66, 1.40 and 2.10 respectively, whereas this distribution in urban areas was 1.85, 1.37 and 2.27 respectively.

Table 3.4: Establishments and employment in proprietary establishments by sex of the owner

3.6 Social group of owners

In rural area, the social group ‘Others’ (i.e. other than SC/ST/OBC) owned 64.16% of agricultural establishments, which engaged 65.32% of the total agricultural establishment’s work force. On the other hand, the ‘Others’ group of urban area owned 57.05% of these establishments with 59.79% employment therein. At State level the share of social group ‘Others’ in agricultural establishments was 63.86 and employment therein was 65.06%.

The SC and ST in the State together owned 12.66% of the total agricultural establishments where 12.59% of the workers were engaged. An agricultural establishment owned by OBC owners was 23.49% of total agricultural establishments having the employment share of 22.36% in the State. In urban areas, 29.06% establishments were under OBCs’ ownership that employed 27.60% of the workers. The share of OBC ownership of proprietary agricultural establishments in rural areas was 23.24% employing 22.10% workers.

Table 3.5: Establishments and employment in proprietary agricultural establishments by sector and social group of the owner

Social group of owner	Number of establishments			Number of workers		
	Rural	Urban	Combined	Rural	Urban	Combined
SC	1,28,380	6,004	1,34,384	2,12,566	9,640	2,22,206

3.7 Religion of owners

At State level, Hindus owned 88.64% of the agricultural establishments which employed 88.99% of the workforce. This distribution was 89.27% establishments employing 89.68% of workers and 74.6% establishments employing 74.64% of workers for rural and urban areas respectively.

In rural areas, the Muslim owned 2.45% of agricultural establishments where 2.32% of the total agricultural establishments work force was engaged, whereas in urban areas Muslims owned 11.63% establishments with 11.49% employment. The Muslim owners owned 2.84% of establishments at State level with an employment share of 2.74%.

The proprietary owners with religion as ócthersô owned 5.18% of the establishments at State level, whereas it was 5.08% and 7.56% in rural and urban areas respectively. The employment share for these establishments was 5.05% at State level and 4.95% & 7.13% in rural & urban areas respectively.

3.9 Premises status of agricultural establishment

It has been observed that 78.55% of the agricultural establishments numbering 12.5 lakh operated from inside households. Out of them 97.13 % were located in the rural areas. About 1.51 lakh agricultural establishments ôherdsmen, fishermen, etc.ô were situated outside household without fixed structure in the State, whereas about 11.94% of were operated from outside household with fixed structure. In rural areas, 11.32 % establishments were operating from outside household with fixed structure, whereas in urban areas this figure was 25.69%.

Table 3.8: Agricultural establishments by sector and premises status

3.10 Major source of finance of agricultural establishments

It was observed that, altogether 14.20 lakh of the agricultural establishments were self-financed whereas in rural areas the figures were concentrated around 95.87%. In rural areas, 89.37% of the agricultural establishments were self-financed, whereas this figure was 85.03% in urban areas. Donations/Transfers from other agencies was the next major source of finance at State level with a share of 6.44%, followed by borrowing from financial institutions and financial assistance from Govt. sources with share of 2.05% and 1.58% respectively.

Table 3.9: Agricultural establishments by major source of finance and sector

3.12 Inter-district comparison of agricultural establishments

It was revealed that Kolhapur had the maximum number of agricultural establishments (3.26 lakh) constituting 20.48% of all agricultural establishments in the State, followed by Satara (13.96%), Solapur (13.42%), Sangali (11.49%) and Pune (6.97%).

In case of own account agricultural establishments, the maximum share was of Kolhapur (20.95%), followed by Satara (14.32%), Solapur (13.89%), Sangli (11.64%) and Ahmadnagar (6.79%). However, in case of agricultural establishments with at least one hired worker the maximum number was in Pune (14.93%) followed by Kolhapur (11.26%), Sangli (8.54%), Ahmadnagar (7.54%) and Akola (7.33%). District wise agricultural establishments by their type and location have been given in Tables 3.11.

Table 3.11 : District wise agricultural establishments by sector and type

Among the broad activities constituting agricultural establishments, Akola was at the top with 39.78% (0.34 lakh) of total establishments engaged in activities relating to agriculture other than crop production & plantation, followed by Satara 12.84% (0.11 lakh) and Kolhapur 7.46% (0.06 lakh).

Majority of agricultural establishments were engaged in livestock at State level, with Kolhapur at the top with 3.18 lakh (21.70%) establishments, followed by Solapur 2.11 lakh (14.42%) and Satara 2.09 lakh (14.31%).

A total of about 0.35 lakh establishments were engaged in fishery and aquaculture at State level, with Ratnagiri at the top with 0.043 lakh (12.47%) establishments, followed by Raigad 0.041 lakh (11.81%) and Sindhudurg 0.027 lakh (7.38%).

The employment in the agricultural establishments reveals that Kolhapur leads in providing employment in agricultural establishments with 5.63 lakh workers constituting 21.33% of the total employment in agricultural establishments. The districts with more than 10% share in total employment in agricultural establishments were Satara (13.32%), Sangli (12.52%) and Solapur (10.89%). The details are given in **Tables 3.12**.

In agricultural own account establishments, the maximum share in the employment was of Kolhapur (22.81%), followed by Satara (14.29%) and Sangli (12.59%). However, in the case of agricultural establishments with at least one hired worker, the highest employment was found in the Pune constituting 14.67%, followed by Sangli (11.93%) and Kolhapur (9.11%).

The employment in agricultural establishments in rural areas and urban areas, Kolhapur district was the highest with 5.46 lakh and 0.16 lakh workers respectively.

The employment in the agricultural establishments by broad activities shows that, Akola with 36.9% (0.57 lakh) of total workers engaged in activities relating to agriculture other than crop production & plantation was at the top, followed by Satara 9.82% (0.15 lakh) and Kolhapur 6.85% (0.11 lakh).

The majority of workers in agricultural establishments were engaged in livestock with Kolhapur at the top with 5.49 lakh (22.77%) of total workers, followed by Satara 3.34 lakh (13.85%) and Sangli 3.28 lakh (13.59%).

Out of the total 0.16 lakh workers engaged in forestry and logging establishments, the top three districts in terms of number of workers were Akola (14.69%), Kolhapur (12.68%) and Gondiya (11.64%) respectively.

About 0.58 lakh workers were engaged in fishery and aquaculture establishments. Raigad with about 0.09 lakh workers (15.53%) was at the top, followed by Ratnagiri (13.8%) and Sindhudurg (9.2%).

CHAPTER IV

NON-AGRICULTURAL ESTABLISHMENTS

4.1 Coverage

A non-agricultural establishment for the purpose of Sixth Economic Census has been defined as an establishment which was engaged in mining and quarrying; manufacturing (including repair & installation of machinery and equipment); electricity, gas, steam and air conditioning supply; water supply, sewerage, waste management and remediation activities; construction; wholesale trade, retail trade & repair of motor vehicles and motorcycles; other wholesale trade; other retail trade; transport and storage (including postal and courier activities); accommodation and food service activities; information and communication (including computer programming, consultancy and related services); financial and insurance activities; real estate activities; professional, scientific and technical activities (including advertising & market research and veterinary activities); administrative and support service activities (including travel agency, employment activities, security services, activities of call centers and organization of conventions and trade shows); education; human health and social work activity (including residential and non-residential care centers); arts, entertainment, sports and amusement and recreation (excluding illegal gambling and betting activities), other service activities not elsewhere classified (including membership organization, repair of computers and personnel household goods). In short establishments other than the agricultural establishments are treated as non-agricultural establishments.

4.2 Establishments

There were 45.46 lakh non-agricultural establishments (38.97% in rural areas and 61.03% in urban areas) in the State, which accounted for 74.06% of the total establishments. Out of these, 29 lakh (63.80%) were own account establishments and the remaining about 16.45 lakh (36.20%) were establishments with at least one hired worker.

Out of 17.71 lakh non-agricultural establishments located in rural areas, 13.16 lakh were own account establishments and remaining 4.55 lakh establishments were with at least one hired worker. Out of 27.74 lakh non-agricultural establishments in the urban area, 15.84 lakh were own account establishments and the remaining 11.90 lakh establishments were with at least one hired worker.

4.3 Employment

About 118.73 lakh persons worked in non-agricultural establishments, constituting about 81.82% of the total employment. Of these, 35.52 lakh persons (29.91%) were employed in own account establishments and the remaining 83.22 lakh (70.09%) were employed in establishments with at least one hired worker. Of the total employment in non-agricultural sector, about 35.5 lakh (29.9%) was in rural areas, and 83.23 lakh (70.1%) was in urban areas.

Total employment of female workers in non-agricultural establishment was 22.75 lakh (19.16%).

There were 67.68 lakh hired workers working in the non-agricultural establishments which constitute 57% of total workers in the non-agricultural sector.

Average employment of 2.61 persons per establishment was observed in non-agricultural establishments. It was found to be higher in urban areas (3.00) than in rural areas (2.00). Own account establishments and establishments with at least one hired worker had an average employment of 1.22 persons and 5.06 persons per establishment respectively.

The distribution of non-agricultural establishments and employment therein by types of establishments with rural-urban break up is given in **Table 4.1**.

		((20.72))		((18.49))		((19.16))
	iii) hired	16,36,358	24.18	51,31,443	75.82	67,67,801
		((46.09))		((61.65))		((57.00))

Note :
i) figures in single brackets indicate average number of persons per establishments
ii) figures in double brackets indicate percentage of female/hired worker to total employment
iii) percentage total may not tally due to rounding off

4.4 Non-agricultural establishments by major activity groups

Out of 45.46 lakh non-agricultural establishments, about 15.06 lakh establishments (33.13%) were engaged in retail trade followed by manufacturing with about 9.20 lakh establishments (20.25%).

The activity-wise distribution of non-agricultural establishments has been grouped into 19 Broad Activity Categories/Codes (BAC) by type of establishments and sector. The details are given in **Table 4.2**.

4.4.1 Non-agricultural own account establishments by major activity groups

There were 29.00 lakh own account establishments, constituting 63.80% of the non-agricultural establishments. Amongst own account establishments, the activity group ôretail tradeô (37.71%) had the highest share, followed by ômanufacturingô (20.38%) and ôother service activities not elsewhere classified (including membership organization, repair of computers and personnel household goods)ô (11.28%).

In the rural areas, ôretail tradeô accounted for 37.43% of the total non-agricultural own account establishments, followed by ômanufacturingô and ôother service activities not elsewhere classified (including membership organization, repair of computers and personnel household goods)ô sharing 23.93% and 11.65% of the establishments respectively.

In urban areas the activity group ôretail tradeô had the largest share of 37.94% followed by ômanufacturingô with 17.43% share and ôother service activities not elsewhere classified (including membership organization, repair of computers and personnel household goods)ô with share of 10.97 % in the total non-agricultural own account establishments. In rural and urban areas the three activity groups showed almost similar trends.

4.4.2 Non-agricultural establishments with at least one hired worker by major activity groups

There were 36.20 lakh non-agricultural establishments with at least one hired worker in the State, which constituted 36.19% of the total non-agricultural establishments. It is revealed that ôretail tradeô(25.07%), ômanufacturingô(20.01%) and ôeducationô(9.49%) were the three most significant major activities which constitute 54.57% of the total non-agricultural establishments.

In the rural areas, activity group ôeducationô had the highest share of 24.49% in the total non-agricultural establishments having at least one hired worker, followed by ôretail tradeô and ômanufacturingô with share of 19.54% and 12.86% respectively. In urban areas activity group ôretail tradeô was at the top with share of 27.19%, followed by ômanufacturingô sector 22.75% and ôaccommodation & food serviceô with share of 7.26%.

4.5 Employment by major activity groups

In non-agricultural establishments, the maximum number of workers were found engaged in ômanufacturingô with 29.18 lakh workers (24.57%) in the State, followed by ôretail tradeô with 26.73 lakh workers (22.51%) and ôeducationô with 10.38 lakh workers (8.75%). These three activity groups together accounted for about 56% of the total employment in non-agricultural sector. Similar trend of employment was also observed in rural & urban establishments. The details regarding the same are given in **Table 4.3**.

4.5.1 Employment in non-agricultural own account establishments by major activity groups

In the own account establishments about 35.52 lakh persons were employed, which account for 29.91% of the total employment in non-agricultural establishments. In rural areas about 45.01% (15.99 lakh) of the total employment were engaged in own account establishments. Amongst the own account establishments, the total employment in the non-agricultural activities was dominated by activity group óretail tradeô with employment of 13.55 lakh (38.15%) followed by ómanufacturingô with 7.46 lakh (20.99%) employment.

In rural and urban areas, employment in own account establishments followed the same trend. In rural areas activity group óretail tradeô and ómanufacturingô accounted for 37.46% and 24.17% and in urban areas, these groups accounted for 38.71% and 18.39% of the employment respectively.

4.5.2 Employment in non-agricultural establishments with at least one hired worker by major activity groups

Non-agricultural establishments with at least one hired worker gave employment to 83.22 lakh persons. Activity group wise establishments with at least one hired worker shows, ómanufacturingô activity accounts for 21.72 lakh (26.1%) of total employment, followed by óretail tradeô engaging 13.18 lakh workers (15.83%) and óeducationô 9.89 lakh workers (11.89%).

Of the total employment in the non-agricultural establishments with at least one hired worker about 76.55% was found in the urban areas and 23.45% in the rural areas.

In rural areas, the activity group ómanufacturingô accounted for 27.68% of the total employment with 5.40 lakh workers, followed by óeducationô and óretail tradeô with 4.93 lakh (25.27%) and 2.45 lakh (12.56%) of employment respectively.

In urban areas, the activity group ómanufacturingô dominated with 16.32 lakh persons (25.62%), followed by the óretail tradeô 10.73 lakh (16.84%) and óeducationô 4.96 lakh (7.79%).

4.6 Employment rate (Average employment per establishments)

4.6.1 Employment rate in own account establishments

It has been observed that, the rate of employment in own account establishments was 1.22 persons, which was 1.21 in rural areas and 1.23 in urban areas. Employment rate per establishment in the State for own account establishments was highest in the ófinancial & insurance activitiesô (1.63), followed by óaccommodation and food service activitiesô (1.39) & ómining and quarryingô (1.36) respectively. Employment rate was found least (1.08) in

activity group ótransportation and storage (including postal and courier activities)ô. It was found that employment rate in major activity group óretail tradeô, which accounted for the largest number of establishments, was 1.24. In rural areas employment rate was highest in ófinancial & insurance activitiesô (2.12) whereas in urban areas, it was highest in óaccommodation and food service activitiesô, (1.39). Employment rate by sector and type of establishment in all India by broad activity group wise are given in **Table 4.4.**

Table 4.4 : Employment rate by sector and type of establishments of Maharashtra

4.6.2 Employment rate in establishment with at least one hired worker

Average employment in non-agricultural establishments with at least one hired worker for all the activities taken together was found to be 5.06 persons (4.29 in rural, 5.35 in urban). It was highest in activity group óinformation & communication (including computer programming, consultancy and related services)ô (15.22), followed by óelectricity, gas, steam and air conditioning supplyô (10.86) and ómining & quarryingô (9.40). Employment rate was least (2.71) in óOther service activities not elsewhere classified (including membership organization, repair of computers and personnel household goods)ô. In rural areas, the highest employment rate was found in ómanufacturingô (9.23), whereas in urban areas óinformation & communication (including computer programming, consultancy and related services)ô had highest employment rate (18.06).

4.7 Type of Ownership

4.7.1 Non-agricultural establishments by type of ownership

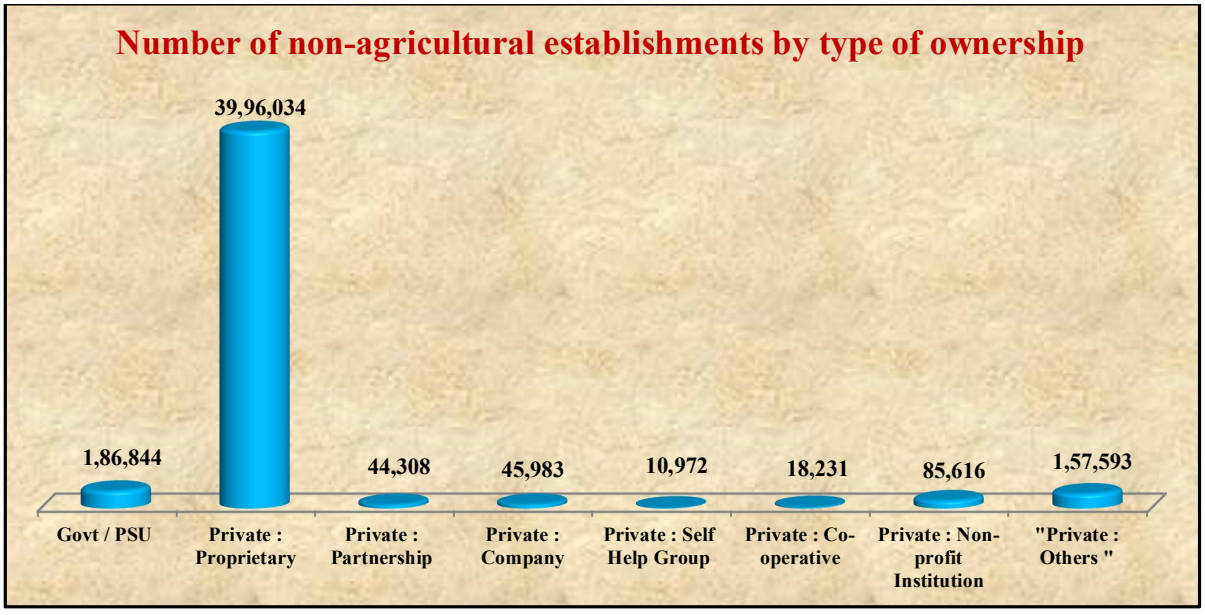

Out of 45.46 lakh non-agricultural establishments in the State, highest 39.96 lakh (87.91%) were under private proprietorship, followed by 1.87 lakh establishments (4.11%) under Government/PSU, 1.58 lakh (3.47%) under private others, 0.86 lakh (1.88%) under private non-profit institution, 0.46 lakh (1.01%) under private company, 0.44 lakh (0.97%) under private partnership, 0.18 lakh (0.40%) under private co-operative and 0.11 lakh (0.24%) under private self-help groups.

Of the 16.45 lakh non-agricultural establishments with at least one hired worker in the State, majority 12.50 lakh (75.98%) were under private proprietorship, followed by 1.87 lakh (11.36%) under Government/PSU, 0.86 lakh (5.21%) under private others, 0.41 lakh (2.49%) under private company, 0.33 lakh (2.02%) under private partnership, 0.31 lakh (1.87%) under private non-profit institutions, 0.16 lakh (0.98%) under private cooperative, and 0.02 lakh (0.1%) under private self-help groups,.

The distribution of non-agricultural establishments and employment therein by type of ownership with rural-urban break-up has been given in **Table 4.5** and **Table 4.6**.

4.8 Proprietary ownership in non-agricultural establishments by selected characteristics

4.8.1 Ownership by Sex

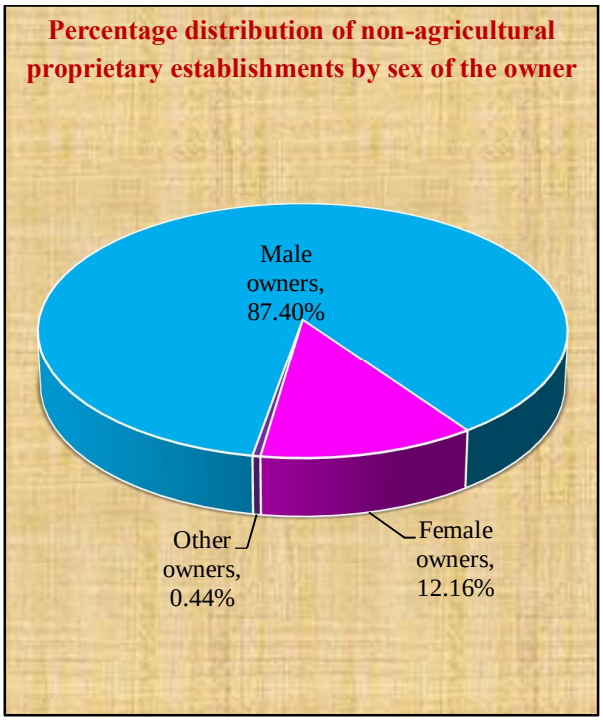

There were 39.96 lakh non-agricultural establishments under proprietary ownership, constituting 87.91% of the total non-agricultural establishments. Of which, 25.25 lakh (63.18%) were in urban areas employing about 63.27 lakh workers (71.67%) and 14.71 lakh (36.82%) were in rural areas employing about 25.01 lakh (28.33%) workers.

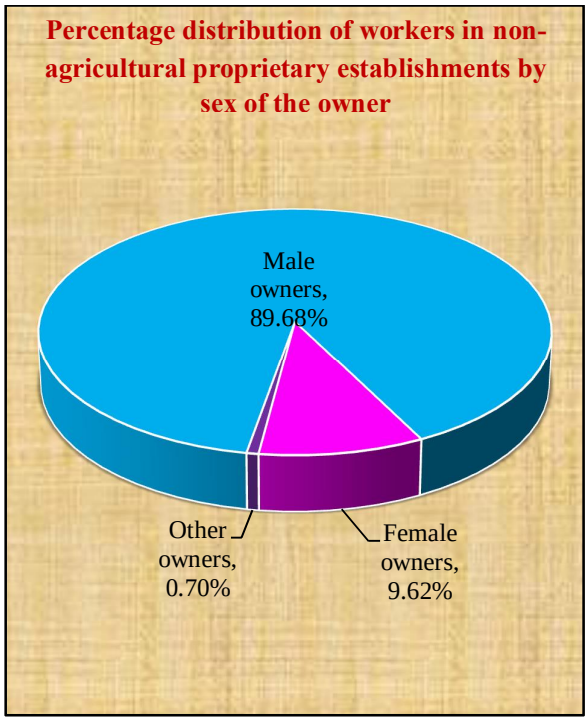

Proprietary non-agricultural establishments under male, female and other ownership were 34.93 lakh (87.40%), 4.86 lakh (12.16%) and 0.18 lakh (0.44%) respectively which employed 79.18 lakh (89.68%), 8.49 lakh (9.62%) and 0.62 lakh (0.70%) workers at State level. In rural areas proprietary non-agricultural establishments under male, female and others ownership were 12.86 lakh (87.44%), 1.77 lakh (12.04%) and 0.08 lakh (0.52%) respectively which employed 22.02 lakh (88.42%), 2.67 lakh (10.69%) and 0.02 lakh (0.89%) workers. In urban areas, proprietary non-agricultural establishments under male, female and others ownership were 22.06 lakh (87.37%), 3.09 lakh (12.23%) and 0.01 lakh (0.40%) employing 57.06 lakh (90.19%), 5.82 lakh (9.19%) and 0.04 lakh (0.62%) workers respectively.

(ii) Figures in double brackets are sector wise percentage in all establishments/ workers

4.8.2 Social group of owners

Majority of proprietary non-agricultural establishments were owned by social groups óOthersô with 62.8% of total non-agricultural establishments having the employment share of 69.94%. In urban areas, 68.25% establishments were under ownership of óothersô, that employed 74.49% of the workers. The share of social groups óothersô in rural areas was 53.45% employing 58.43% of the workers.

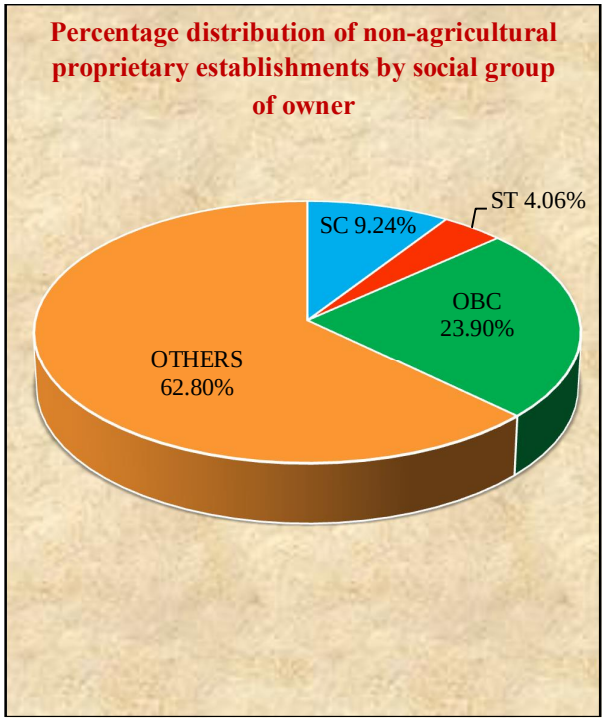

In rural areas, majority of proprietary non-agricultural establishments were owned by OBCs (31.6%), where in 28.41% of the total non-agricultural establishments work force in rural areas were engaged. In urban areas OBC owners were 19.41% employing 15.43% workers. The OBC owners owned 23.9% of establishments at State level with an employment share of 19.11%.

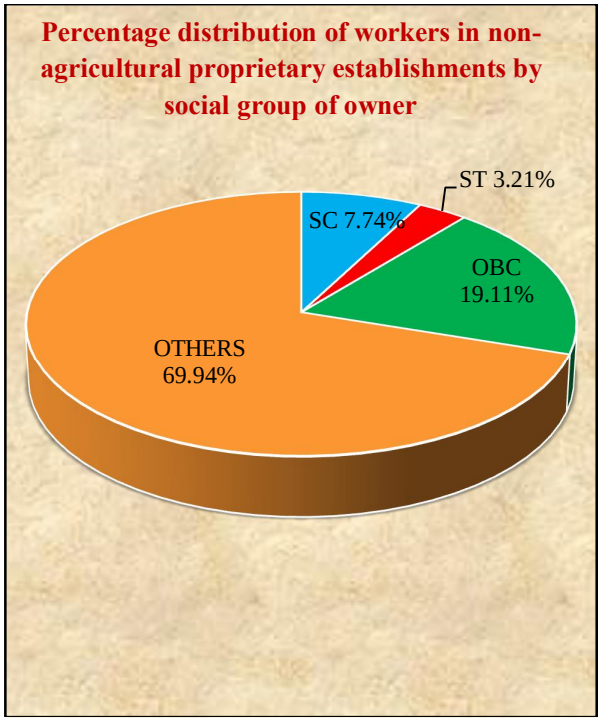

The SC owners owned 9.24% (9.43% in rural, 9.13% in urban) of the total non-agricultural establishments in the State. In these establishments about 6.84 lakh persons 7.74% (8.51% in rural, 7.44% in urban) were engaged. Similarly, ST owners owned 4.06% (5.51% in rural, 3.21% in urban) of the total non-agricultural establishments. Wherein 2.83 lakh persons about 3.21% (4.65% in rural, 2.64% in urban) were engaged.

4.12 Establishments by size class of employment

In the State, non-agricultural establishments having their employment size in the range of 1-5 were about 93.29% of the total establishments. The total establishments employing less than 10 workers were about 98.27%. The details of distribution of establishments in various employment classes and by broad activity description are given in **Table 4.13**.

4.13 Inter-district comparison

4.13.1 Number of establishments / persons employed

Top ten districts in the State in terms of their share in total number of establishments/persons engaged is as under :

A. Number of non-agricultural establishments

Rank	District	Number of establishments	% Share
1	Mumbai Suburban	4,62,756	10.18
2	Thane	4,29,898	9.46
3	Pune	4,03,531	8.88
4	Mumbai	2,60,748	5.74
5	Kolhapur	2,44,942	5.39
6	Nagpur	2,27,091	5.00
7	Nashik	1,99,815	4.40
8	Satara	1,61,466	3.55
9	Solapur	1,59,651	3.51
10	Ahmadnagar	1,37,727	3.03
All Maharashtra		**45,45,581**	**100.00**

B. Number of persons engaged in non-agricultural establishments

Rank	District	Number of establishments	% Share
1	Mumbai Suburban	16,64,175	14.02
2	Thane	14,26,440	12.01
3	Pune	13,64,941	11.50
4	Mumbai	10,34,393	8.71
5	Nashik	5,58,790	4.71
6	Kolhapur	5,36,691	4.52
7	Nagpur	5,26,913	4.44
8	Solapur	3,49,628	2.94
9	Satara	3,48,652	2.94
10	Ahmadnagar	3,19,352	2.69
All Maharashtra		**1,18,73,493**	**100.00**

Distribution of total number of non-agricultural establishments by district, sectors (Rural/Urban/Combined), type of establishment (Without hired worker/ with at least one hired worker) are given in **Table 4.14** and distribution by total number of persons employed are given in **Table 4.15**.

Table 4.14 : District wise total number of establishments for non-agricultural activities by sector and type of establishment

District	Rural			Urban			Combined

CHAPTER V

HANDICRAFT / HANDLOOM ESTABLISHMENTS

5.1 General

Due to paucity of data on Handicraft/handloom sector, it was decided by Government of India to capture the information regarding Handicraft & Handloom establishments during Sixth Economic Census. The purpose of inclusion of this item in the Economic Census was to assess the number of handicraft and handloom establishments and persons employed therein.

5.2 Definition of Handicraft/Handloom Activity

Handicraft/Handloom describes a craft or occupation requiring skilled use of hands. Handicrafts are items made by hand, often using simple tools. These items can be functional, artistic and/ or traditional in nature. Thus, to summarise, skill of worker and use of hand are two prerequisites for handicraft. It must be predominantly made by hand. It does not matter if some machinery is also used in the process. Handicrafts range from the very simple (diyas, kulhars) to the very complex (stone temples, enamel jewellery) work; certain products like baskets, brooms, pots, diyas, mats and chiks could range from very simple to quite complex, but are traditionally considered as handicrafts even in their simplest forms. At the same time, certain handmade articles are not usually categorized as handicrafts. Activities involving human labour without skill are usually not included.

Handicraft/Handloom establishments are those which involve predominant role of human skills and performed by hands using traditional knowledge and simple tools.

Two broad categories for exclusion comprised of the following activities:

ÅAll food items like papads, pickles, etc. which may be handmade.

ÅItems like bricks, bidis, agarbattis, match sticks, firecrackers, etc. which are made by hand but not distinguished by distinctive skills.

For the purpose of Sixth Economic Census, the word handicraft includes handlooms, so all manner of hand weaving activities were considered under the same.

5.3 Establishment

During the census, information was collected from each of the manufacturing unit where hand as well as skill is being used in the manufacturing activity. It was observed that the total number of handicraft/handloom establishments in the State were 84,676. Of which, 41.59% are located in rural areas. Out of total establishments 56,746 (67.02%) establishments are running without hired workers. Moreover, 88.23% of these establishments were perennial, 10.53% were seasonal and rests 1.24% were casual in nature.

The top 5 districts, in terms of number of handicraft/handloom establishments are Mumbai Suburban (13.34%), Mumbai (11.87%), Kolhapur(11.33), Thane (9.12%) and Solapur (5.43%). The details are given in **Tables 5.1.**

5.4 Employment

As per Sixth EC, about 2.15 lakh persons were employed in handicraft and handloom sector, of which 28.65 % of the persons were employed in establishments located in rural areas and 71.35 % of the persons were employed in establishments located in urban areas. The numbers of persons employed per establishment were 2.54. In handicraft sector, 38.82% of employment was in establishments without hired workers and 61.18% of employment was in establishments with at least one hired workers. The top five districts as per employment in handicraft sector were Mumbai (20.98%), Mumbai Suburban (19.28%), Thane (10.68%), Kolhapur (9.26%) and Solapur (3.35%).

CHAPTER VI

WOMEN ENTREPRENEURS

6.1 Introduction

Womenôs equal access and control over economic and financial resources is critical for the achievement of gender equality and empowerment of women as well as equitable and sustainable economic growth and development.

Although data on women labour force, literacy, health aspects etc., are being generated regularly though regular Census and Surveys but data on women entrepreneurial ship at national level is rather scanty. Therefore, during Sixth Economic Census, questions related to women entrepreneurship in proprietary ownership were added. It covers sex, religion, social group, economic activity, number of workers employed (hired and not hired) and source of finance.

It was observed that out of total 61.37 lakh establishments in the State, 6.64 lakh establishments were run by women entrepreneurs which accounts 10.82%. The number of workers engaged in women owned & run establishments were 10.98 lakh, which were 7.57% of the total number of workers engaged in the State under different economic activities.

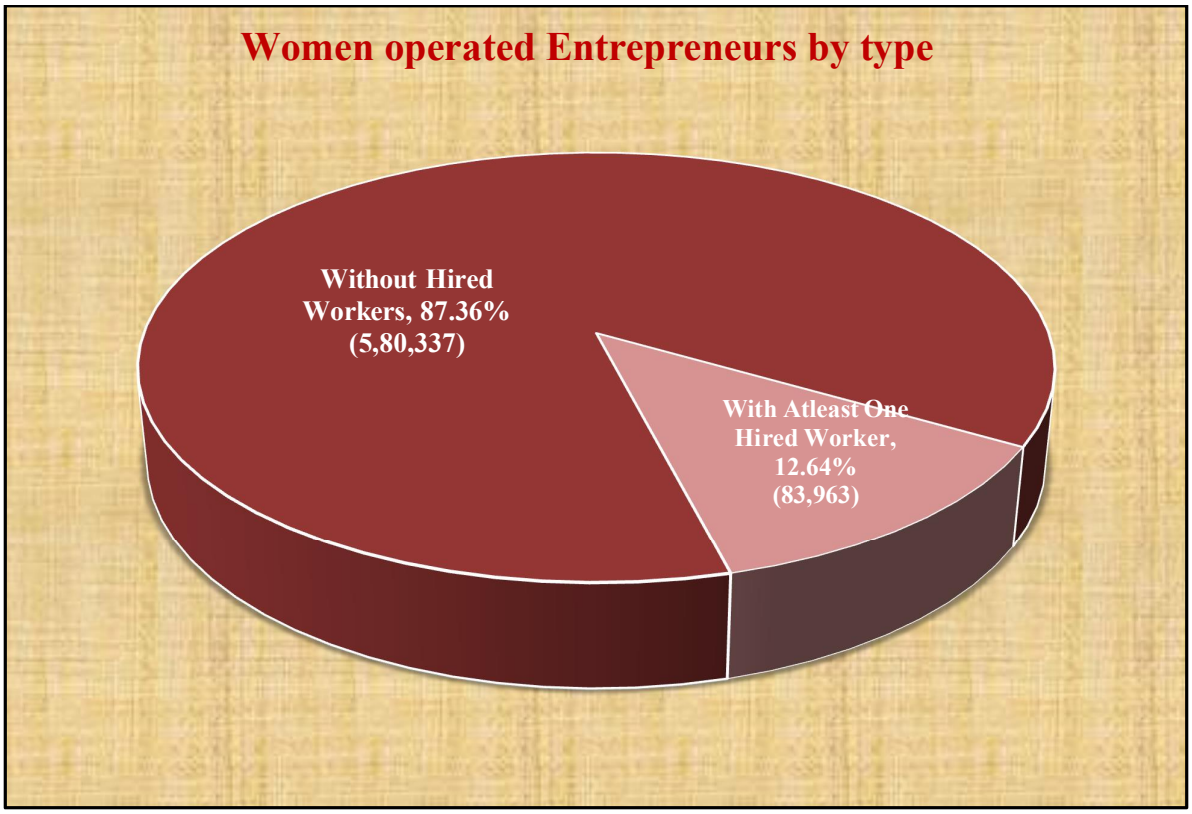

6.2 Establishments

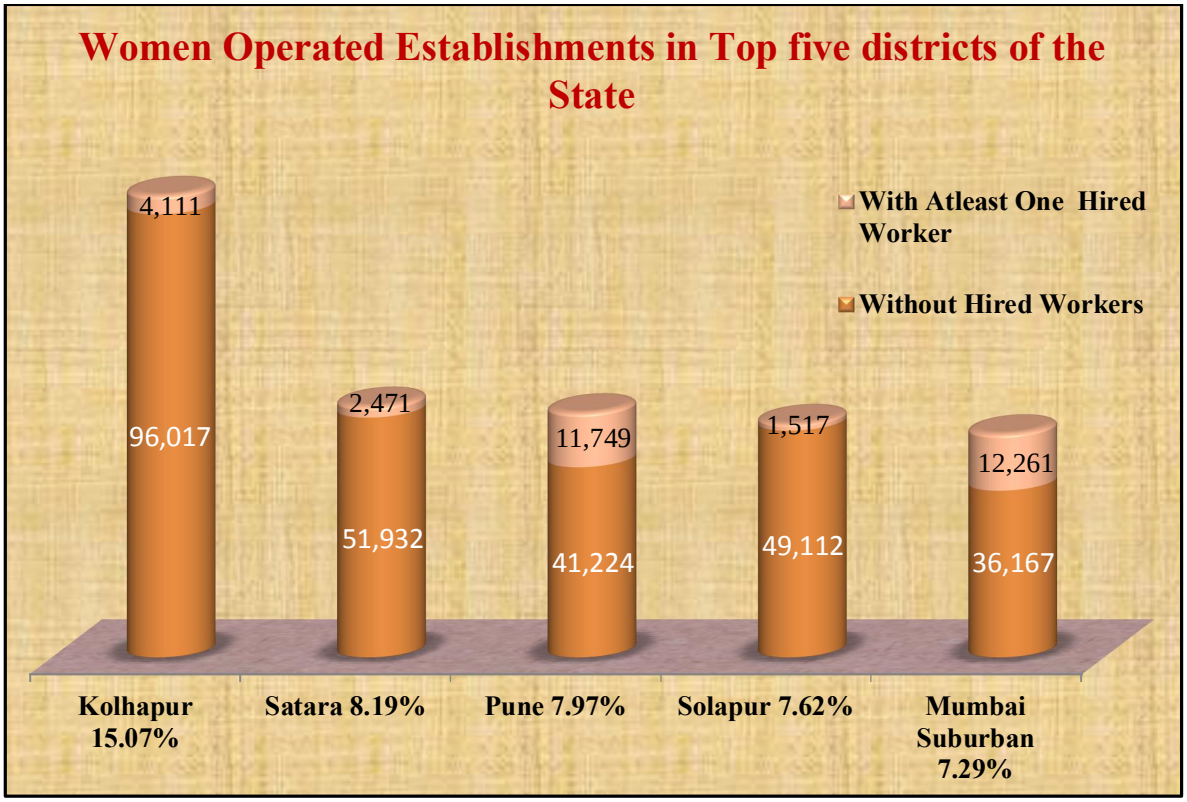

The total number of establishments owned by women entrepreneurs was 6,64,300. Of which, 3,46,216 (52.12 %) were located in rural areas and the remaining 3,18,084 (47.88%) were located in urban areas. In the State, about 5,80,337 establishments (87.36%) were operated without hired workers and 83,963 (12.64%) were operated with hired workers. The percentage of establishments without hired workers in rural areas was 93.56%, whereas, it was 80.62% in urban areas. The number of women establishments involved in agricultural activities was 1,78,422 constituting 26.86 % of the total number of establishments owned by women.

The top five districts having highest percentage share in total number of women owned establishments in the State were Kolhapur (15.07%),Satara (8.19%), Pune (7.97%), Solapur (7.62%) and Mumbai Suburban (7.29 %). The district wise total numbers of establishments under women entrepreneurship and type of establishments are depicted in **Table 6.1**.

CHAPTER VII

COMPARISON OF RESULTS OF ECONOMIC CENSUSES Fifth EC (2005) and Sixth EC (2013)

7.1 Growth of establishments and employment

It is seen that the overall compound annual growth rate (CAGR) of establishments per year during 2005-2013 was 5%. Growth rate per annum in urban areas was 3.90%, whereas in rural areas it was 6.05%. The total growth in number of establishments during 2005-13 was 47.79%.

As far as employment is concerned, overall CAGR of 4.09% was observed during 2005-13. During 2005-13, a CAGR of 4.58% was observed in rural areas and a CAGR of 3.75% was observed in urban areas. The total growth in number of workers during 2005-2013 was 37.85%.

The number of establishments and employment and inter-census growth rate of establishments & employment in respect of rural, urban and combined over the period 2005-2013 is given in **Table 7.1**.

Table 7.1 Number of establishments and employment for Fifth and Sixth EC's

Sector	Item	Fifth EC*	Sixth EC	CAGR (%)	Total Growth (%)
Rural	Establishments	20,59,773	32,94,265	6.05	59.93
	Employment	42,35,452	60,62,067	4.58	43.13
Urban	Establishments	20,92,848	28,43,077	3.90	35.85
	Employment	62,92,038	84,50,075	3.75	34.30
Combined	Establishments	41,52,621	61,37,342	5.00	47.79
	Employment	1,05,27,490	1,45,12,142	4.09	37.85

* Figures excluding public administration, defence & compulsory social security service activities for significant comparison with the figures of Sixth EC

7.2 Growth Rates of Establishments and Employment between 2005 (Fifth EC) & 2013 (Sixth EC).

A combined growth of 47.79% and 37.85% was observed between the Fifth and Sixth ECs in number of establishments and number of workers respectively. The growth in establishments was 59.93% in rural area and 35.85% in urban area. Similar trend can be seen in employment growth with 43.13% in rural area and 34.30% in urban area respectively. The district wise percentage growth in total number of establishments

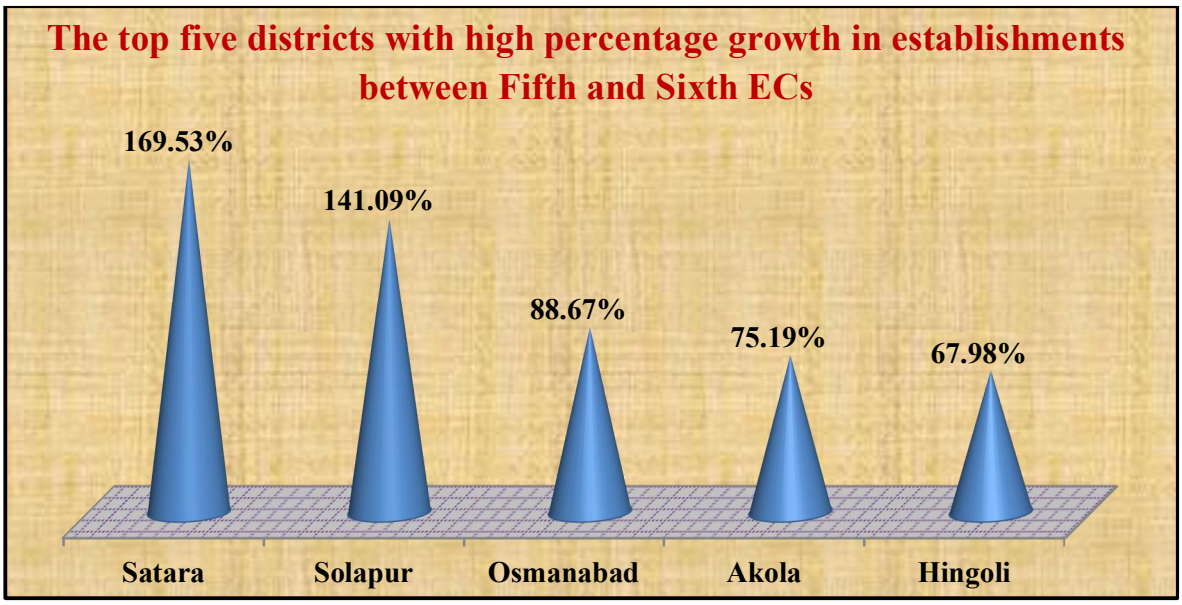

(excluding crop production, plantation, public administration, defence & compulsory social security services activities) and employment therein during Sixth EC (2013) as compared to Fifth EC (2005) can be seen in **Table 7.2.**

There was positive growth in all the districts in terms of number of establishments except for Yavatmal where it dipped by 21.87% compared to Fifth EC. Similar trend was observed in employment except for Yavatmal and Ratnagiri where it dipped by 15.98% and 4.75% respectively compared to Fifth EC.

Among the districts Satara (169.53%), Solapur (141.09%), Osmanabad (88.67%), Akola (75.19%), and Hingoli (67.98%) were the top five districts which registered higher growth in the number of establishments.

Similarly in terms of employment, the top five districts with higher growth were Satara (155.79%), Solapur (76.17%), Sangli (73.53%), Hingoli (61.22%) and Nandurbar (60.58%).

Similar trends were observed in CAGR of establishments and employment between Fifth and Sixth ECs. Comparison of district wise CAGR of establishment & employment between Fifth & Sixth ECs are given in **Table 7.3.**

7.3 Agricultural establishments

It was observed that the overall CAGR of agricultural establishments increased to 12.88% during 2005-13. The increasing trend has been noticed both in rural (12.82%) and urban (14.08%) areas of the State. The total growth in number of agricultural establishments during 2005-2013 was 163.53%.

Similar trend of CAGR can be seen in employment in the agricultural establishments with a surge to 12.19% during 2005-13. The total growth in employment in agricultural establishments during 2005-2013 was 151.06%. The details of the agricultural establishments, employment and growth are given in T**able 7.4**.

Table 7.4 Growth rate of Agricultural Establishments and employment therein by sector

Sector	Item	Fifth EC (2005)*	Sixth EC (2013)	CAGR (%)	Total Growth (%)
Rural	**Establishments**	5,79,994	15,22,850	12.82	162.56
	Employment	9,98,850	25,11,862	12.22	151.48

	Employment	94,76,495	1,18,73,493	2.86	25.29

* Figures excluding public administration, defence & compulsory social security services activities for significant comparison with the figures of Sixth EC

7.5 Average employment per establishment

The average employment per establishment at State level has reduced from 2.68 in 2005 to 2.36 in 2013.

In case of agricultural establishments, average employment per establishment declined from 1.74 in 2005 to 1.66 in 2013. However, the average employment per establishment in non-agricultural establishments declined from2.83 in Fifth EC (2005) to 2.61 in Sixth EC (2013).

Average employment per establishment has shown a declining trend at State level and also both in rural & urban areas.

Table 7.6 Average employment per establishment

Sr. No.	Type of Establishment	Rural		Urban		Combined	
		2005	2013	2005	2013	2005	2013
		Avg.	Avg.	Avg.	Avg.	Avg.	Avg.
I	**Agricultural establishments**						
	OAE	1.49	1.56	1.45	1.48	1.49	1.55
	Establishment with atleast one hired worker	2.91	3.60	4.11	4.00	2.99	3.65
	Total	**1.72**	**1.65**	**2.17**	**1.84**	**1.74**	**1.66**

	OAE	1.25	1.21	1.20	1.23	1.22	1.22
	Establishment with atleast one hired worker	3.88	4.29	5.39	5.35	4.85	5.06
	Total	**2.24**	**2.00**	**3.27**	**3.00**	**2.83**	**2.61**
III	**All establishments**						
	OAE	1.33	1.39	1.20	1.24	1.28	1.34
	Establishment with atleast one hired worker	3.74	4.20	5.39	5.34	4.74	4.99
	Total	**2.10**	**1.84**	**3.25**	**2.97**	**2.68**	**2.36**

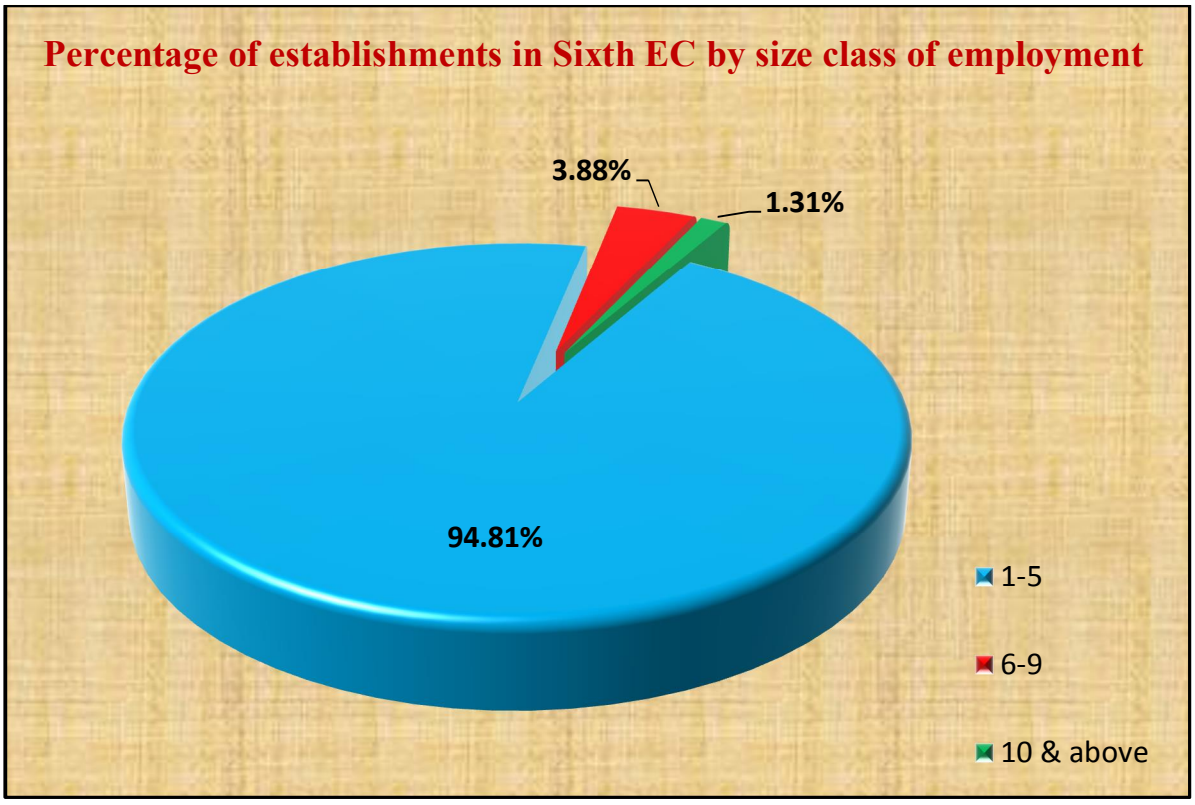

7.6 Establishments by size class of employment

It is of interest to note that the percentage share of smaller establishment with employment size class of 1-5 workers in total number of establishments in the State has a rising trend over the period 2005-2013 with a consequent decline in the share of establishment having employment in the range of 6-9 workers and also in the range of 10 & above workers.The distribution of establishments by size class of employment based on Fifth EC (2005) & Sixth EC (2013) are given in **Table 7.7**.

Table 7.7 : Percentage distribution of establishments in Fifth and Sixth ECs by size class of employment

Sr.No.	Size class of employment	EC 2005* (%)	EC 2013 (%)
1	1-5	94.26	94.81
2	6-9	3.99	3.88
3	10 & above	1.75	1.31

* Percentage calculated after excluding employment of public administration, defence & compulsory social security services activities for significant comparison with the figures of Sixth EC

Annexure IV

CONCEPTS AND DEFINITIONS

Concepts and definitions of some of the important terms used in the Sixth Economic Census are given below:

Establishment

The establishment is a unit situated in a single location in which predominantly one kind of economic activity is carried out such that at least a part of the goods and/or services produced by the unit goes for sale (i.e. entire produce is not for sole consumption).

Agricultural Establishment

An agricultural establishment for the purpose of Economic Census is one, which is engaged in production of agricultural goods (other than crop production & plantation by the farmers or a group of farmers or any agency), agricultural services, hunting, trapping & game propagation, where at least some part of the production or services is sold out. Establishments engaged in activities pertaining to crop production and plantations though in the agriculture sector are excluded from the coverage. Thus primarily cultivators themselves are excluded from the coverage of Sixth Economic Census.

Non-Agricultural Establishment

Establishments engaged in activities other than agricultural activities are termed as non-agricultural establishments.

Household

A household is a group of persons usually living together and taking their meals from a common kitchen. It includes temporary stay-away (those whose total period of absence from household is expected to be less than six months) but excludes temporary visitors and guests (with expected total stay of less than 6 months). A group of persons, who are unrelated to each other, live in a census house but do not take their meals from a common kitchen would not constitute an institutional household.

Census House

A census house is a building or a part of a building having a separate main entrance from the road or common courtyard or staircase, etc., used, or recognized as a separate unit. It may be occupied or vacant. It may be used for residential, commercial or for both purposes.

Enumeration Block

The ultimate area unit of enumeration in the Sixth EC is Population Census (2011) Enumeration Block (EB). An EB broadly covers about 120 households or a population of nearly 600 or so.

Handicraft/Handloom Activity

Handicraft describes a craft or occupation requiring skilled use of hands. Handicrafts are items made by hand, often using simple tools. These items can be functional, artistic and/ or traditional in nature.

Nature of Operation

If the entrepreneurial activity is carried on or likely to be carried on throughout the year more or less regularly, it is treated as perennial activity. If the activity of the establishment is confined to a particular season i.e. fixed months of a year, the same is called the seasonal activity. The economic activity of the establishment which is neither perennial nor seasonal is termed as casual.

Worker (Person Employed)

All persons (including children under 15 years of age) working on the last working day prior to the date of fieldwork in the establishment, either as owners, members of the household, co-owner or partner or family members helping the owner in running the establishment including other persons engaged by the establishment, whether hired or not, besides regular and salaried employees, casual/daily wage labourers are considered as workers for the establishment.

Sr.No.	Major Activity Group	NIC-2008 codes
1	Activities relating to Agriculture, other than crop production & planation forestry and fishing	016, 017
